Notre Dame High School
Riverside, California

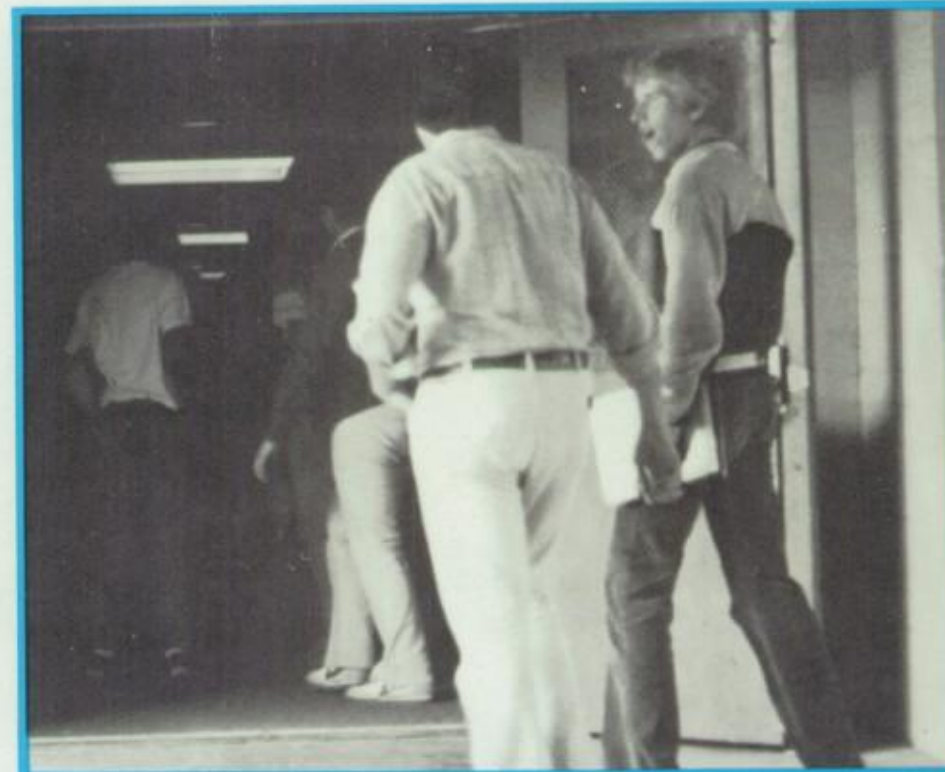

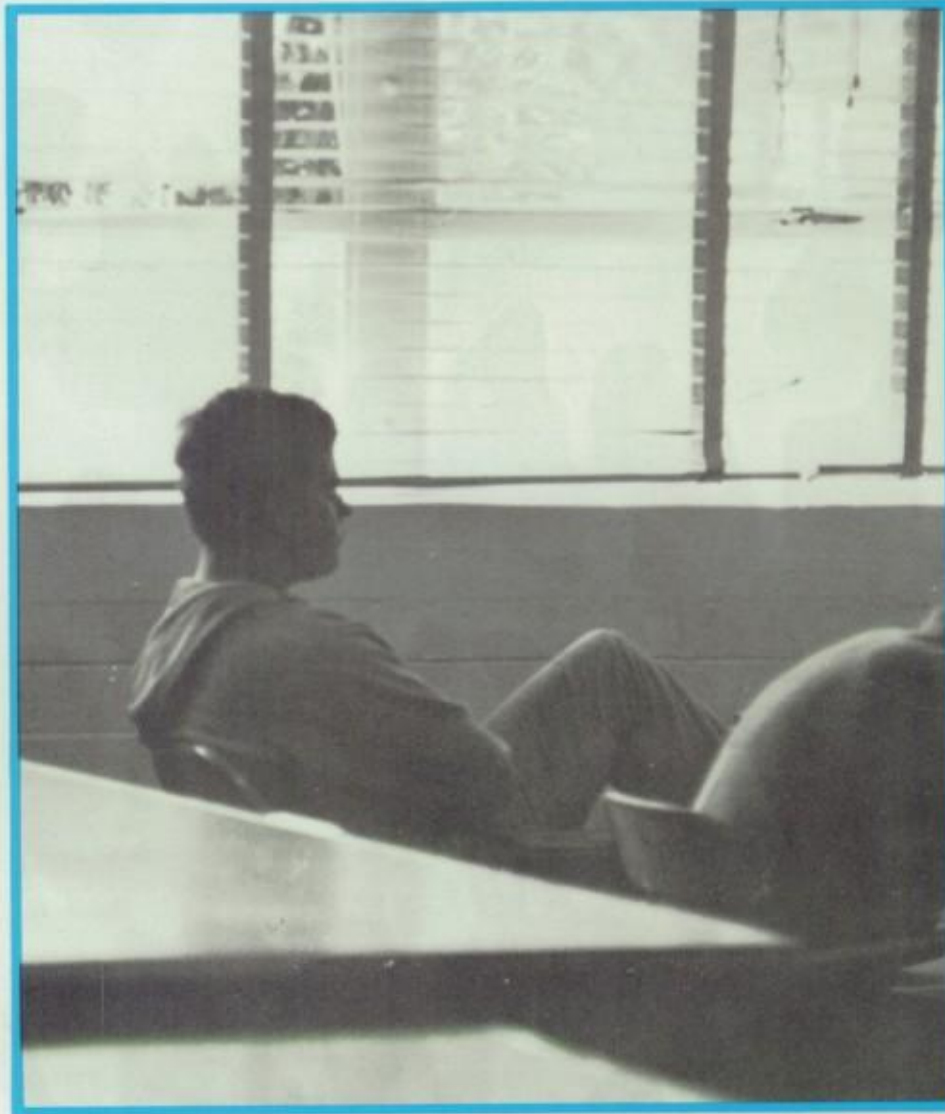

*With whispering fall winds
School resumes in September*

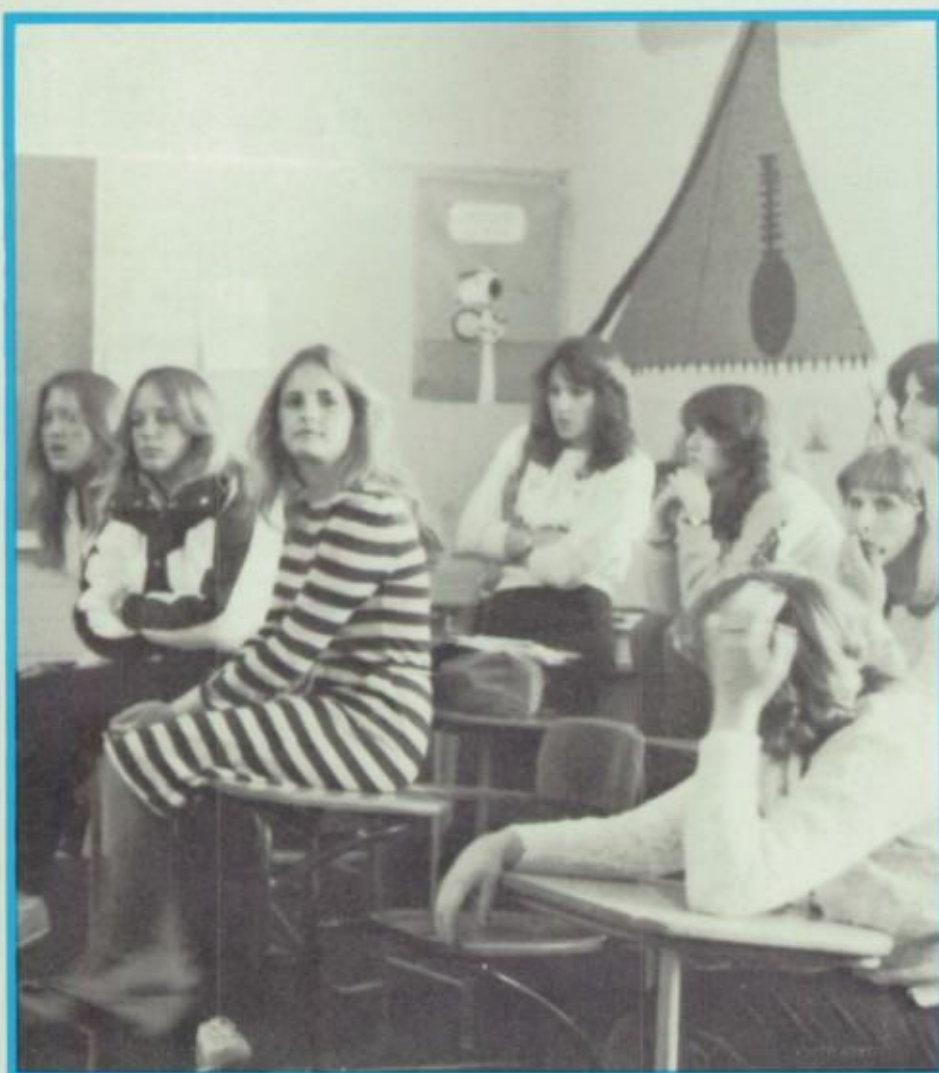

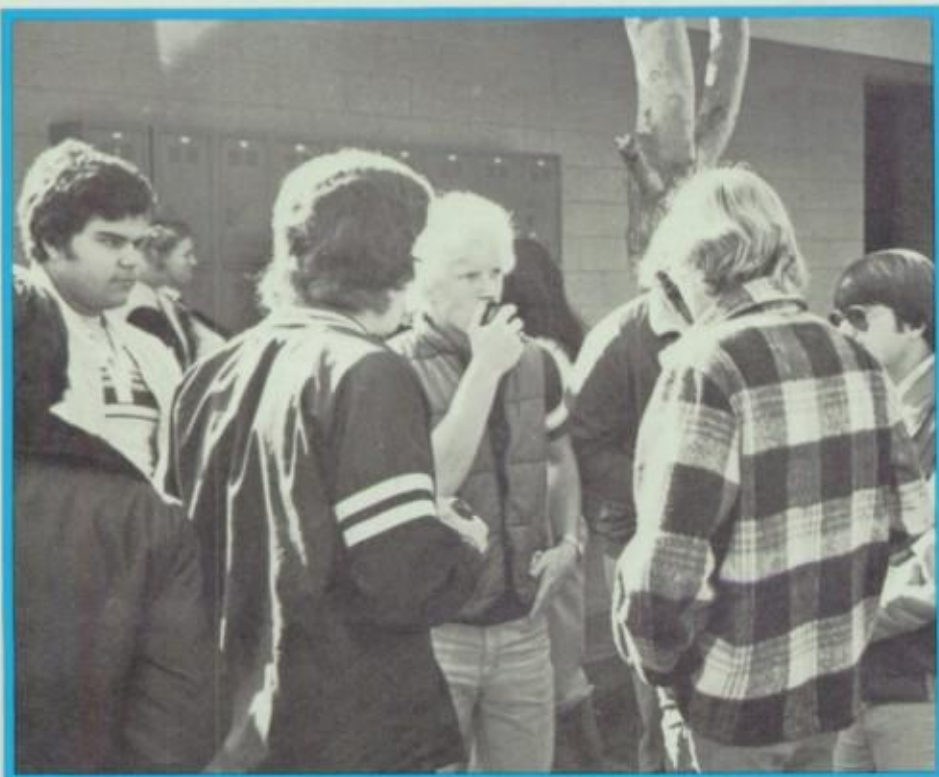

*Bringing a new year of memories
And old ones to remember*

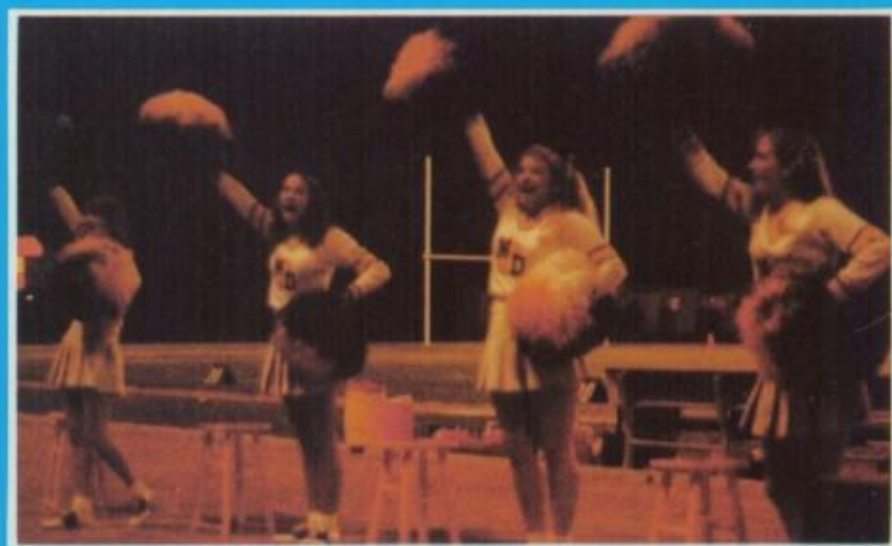

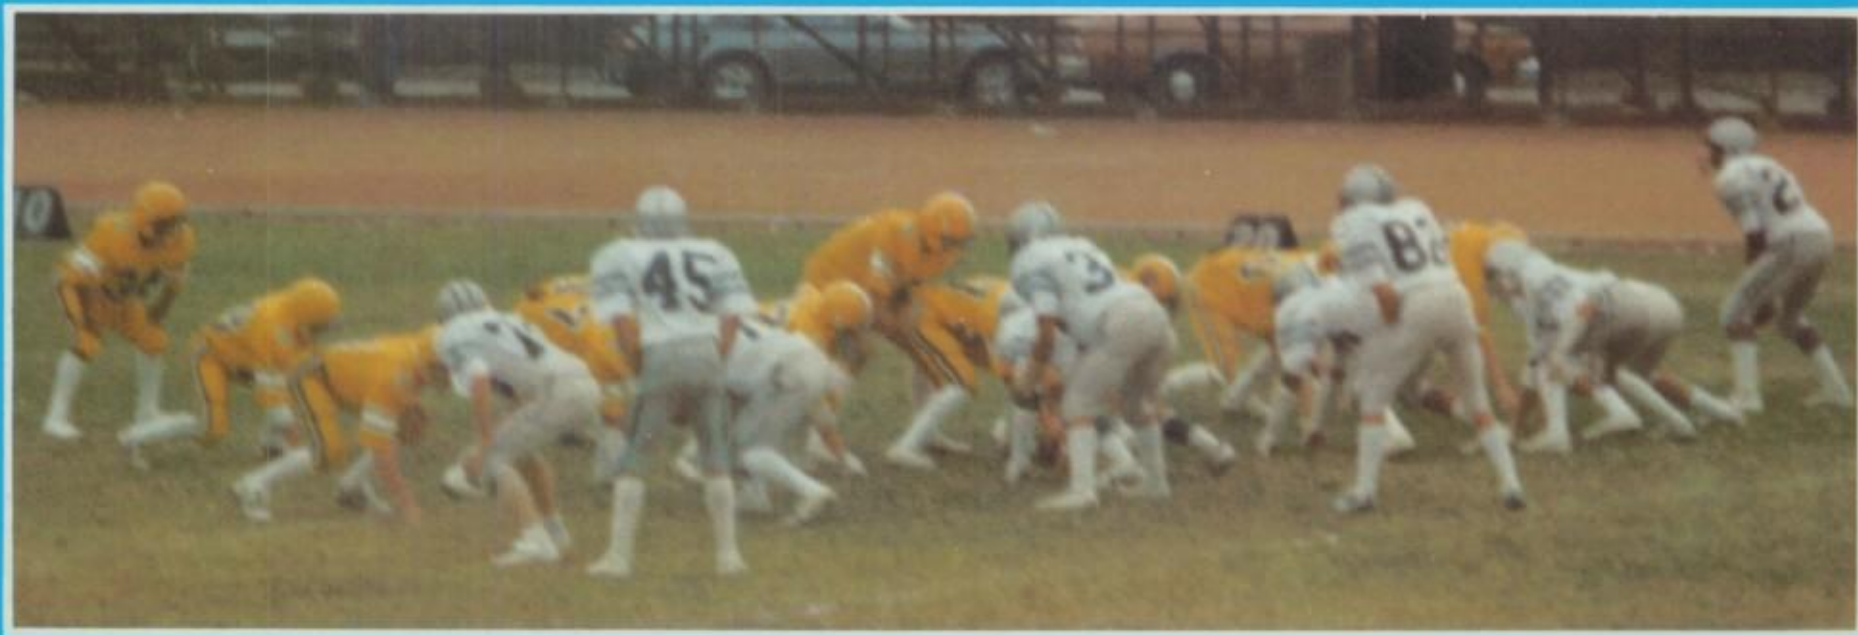

*The classes are new
Some as boring as before*

*You think the teachers are worse
You long for yesterday once more*

Winter brings football
And rowdy cheering crowds

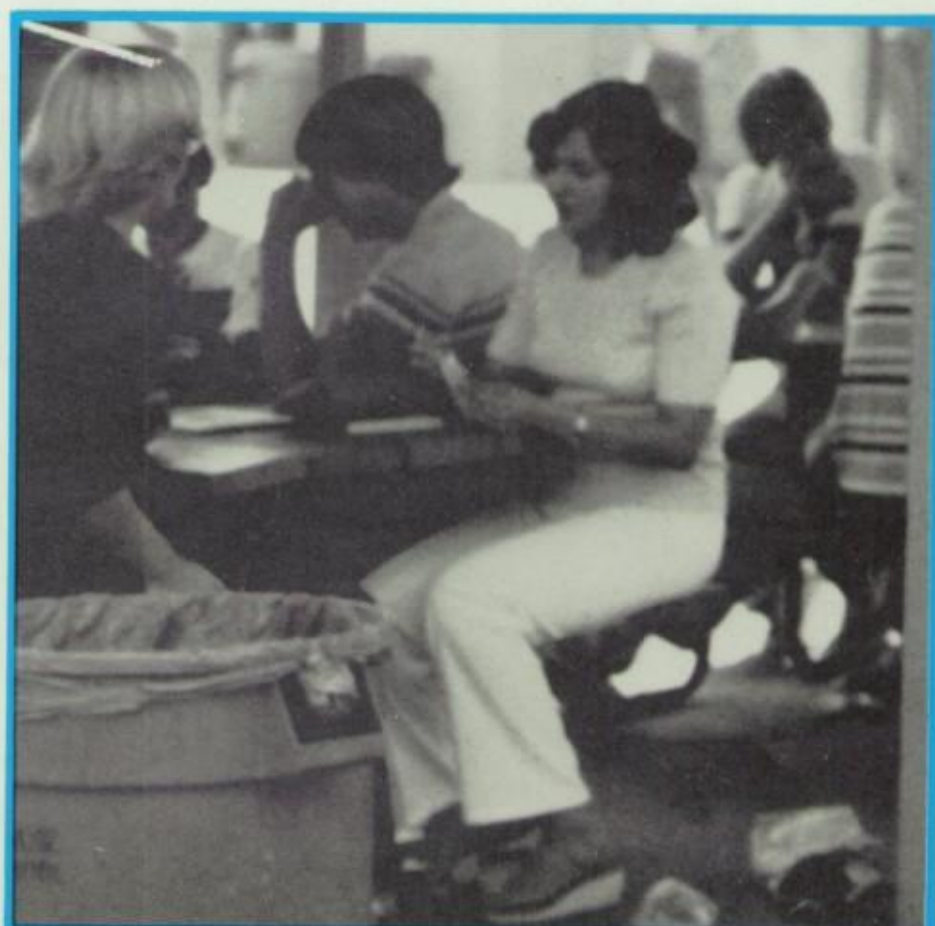

*There're tears for our victories
And our spirit makes us proud*

Rainy days, holidays
A touch of Christmas in the air

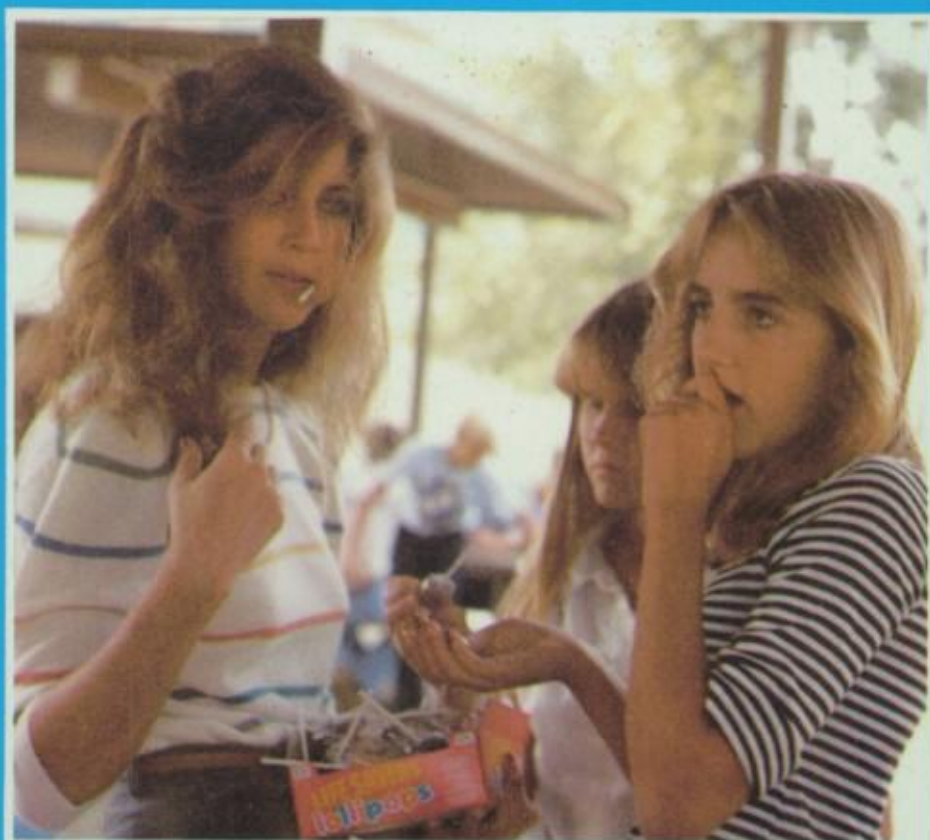

Praying for our thankfulness

In the friends with whom we share

Spring break brings laughter
Baseball, beaches, sunshine and smiles

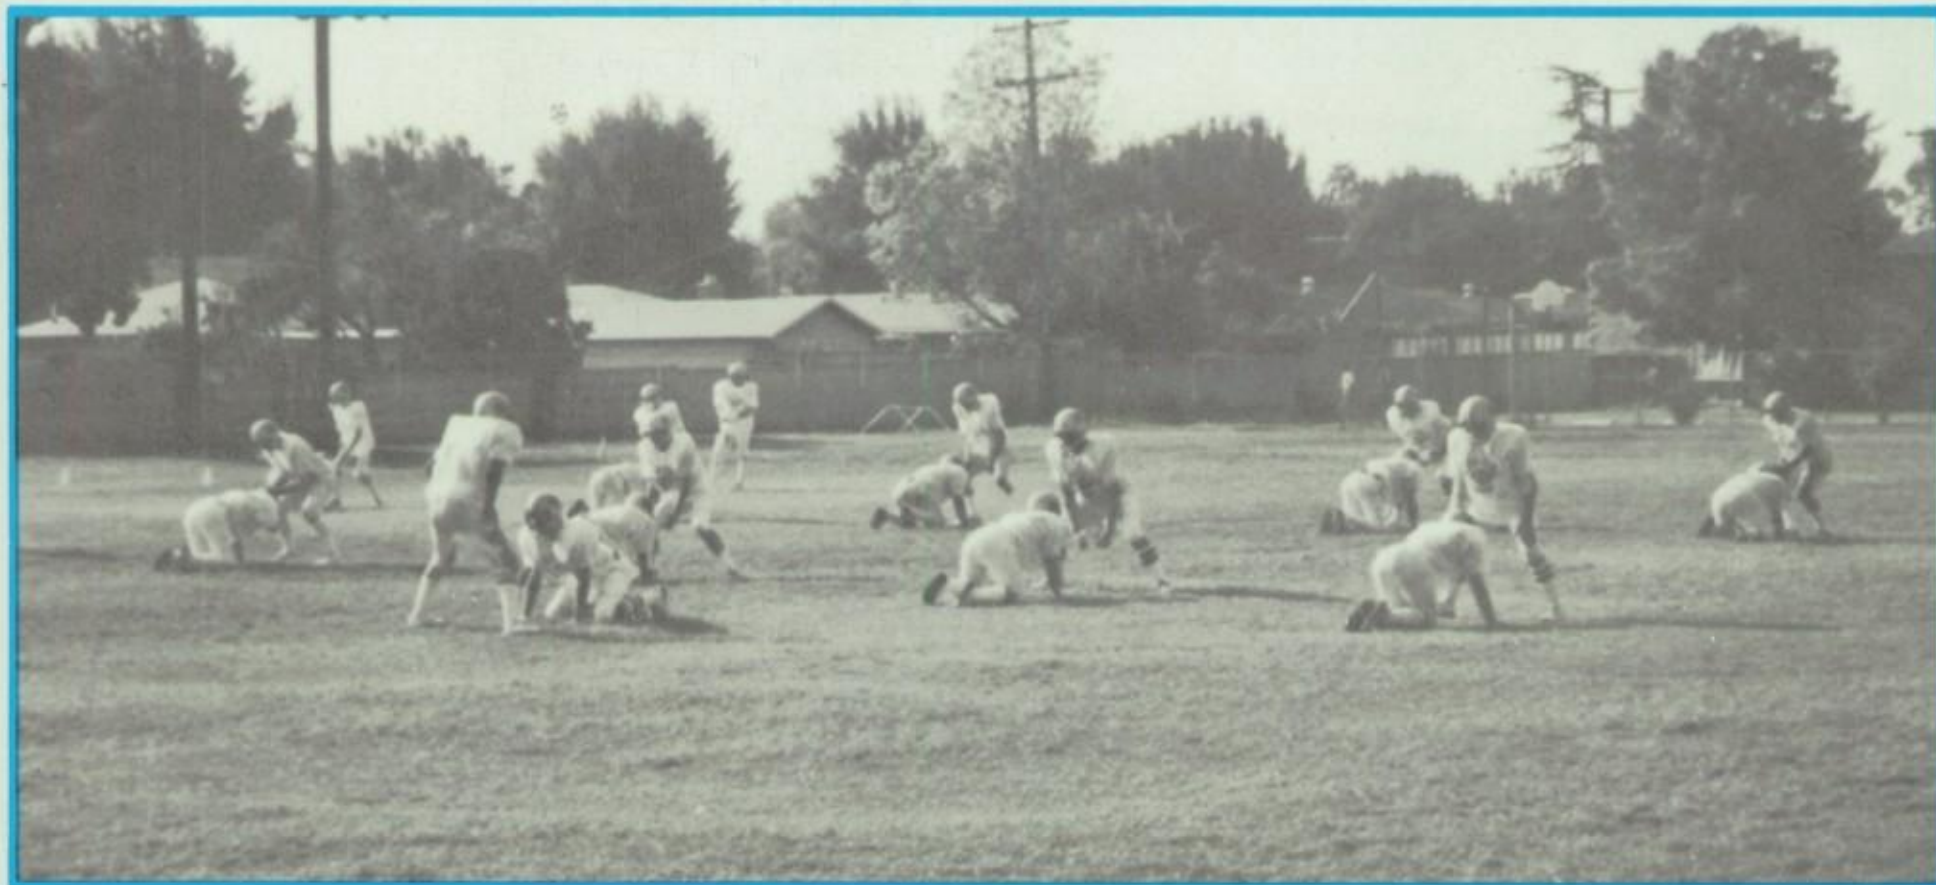

And the memories multiply

Wrapped in hearts from distant miles

The people continue to grow

Searching for stardom and fame

*Knowing down deep inside
Their home was Notre Dame*

The year is winding down now

And graduation day is near

*Though there is sadness
There is gratitude with a tear*

It is time now for goodbyes

Maybe we'll meet again in September

Another year of memories

And old ones to remember

LOOKING AT ORGANIZATIONS

A.S.B.

Alice Steinmuller, President

Jeannette Espinoza, Vice Pres.

Deborah Hodde, Treasurer

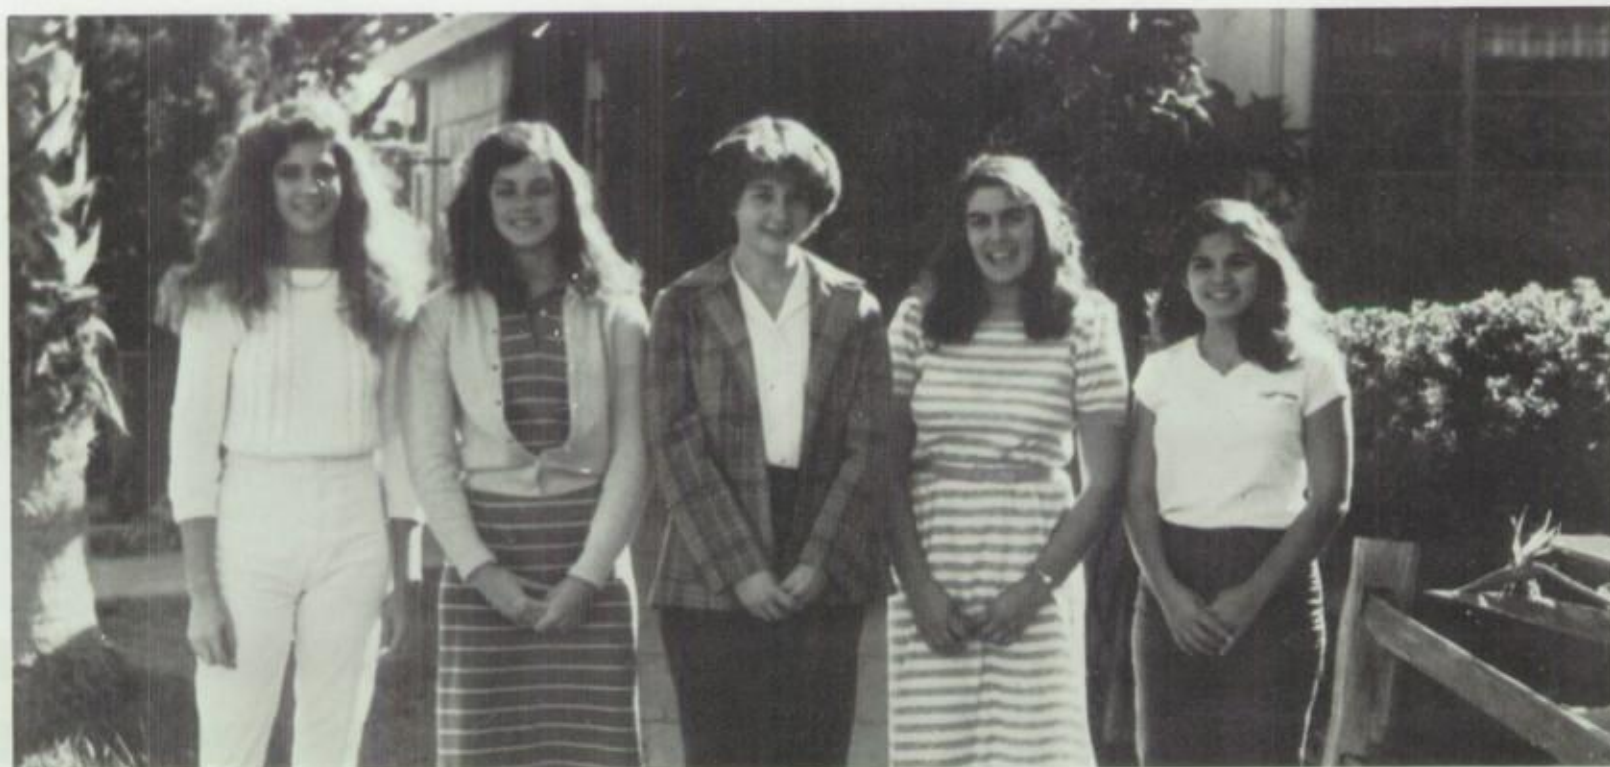

Joanie Van Daele, Sec.

The '81-'82 A.S.B. officers tried and succeeded to make our 25th anniversary a very special and unforgettable year. Our main goal was to unite the students and the faculty. WE always tried to be open to suggestions. The entire student council should be thanked and commended on their hard work success. We would like to thank Mr. Ilag, our moderator for all his help and advice. Also, all the people in the front office who were always willing to lend a helping hand.

Alice Steinmuller

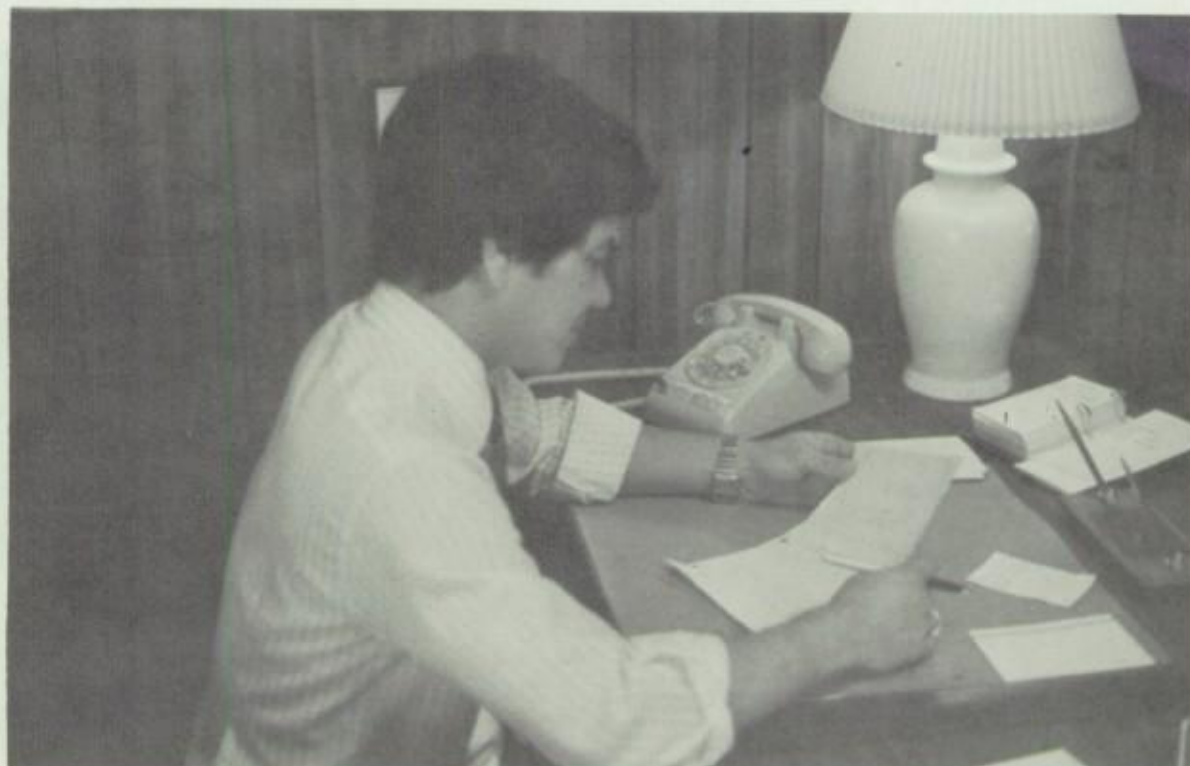

Julie Swain, Soc. Chair.

It has indeed been a pleasure working with this year's A.S.B. Officers as well as with the entire Student Council. As A.S.B. Moderator, I have found them to be very organized, cooperative, and communicative. They reflect great leadership qualities, and they have always worked for the benefit of the student body which they were elected to serve. They are to be commended for the planning and realization of our 25th Anniversary celebration, and we wish them continued success with their future endeavors.

Mr. Ilag

Los miembros de la sociedad honorario de espanol.

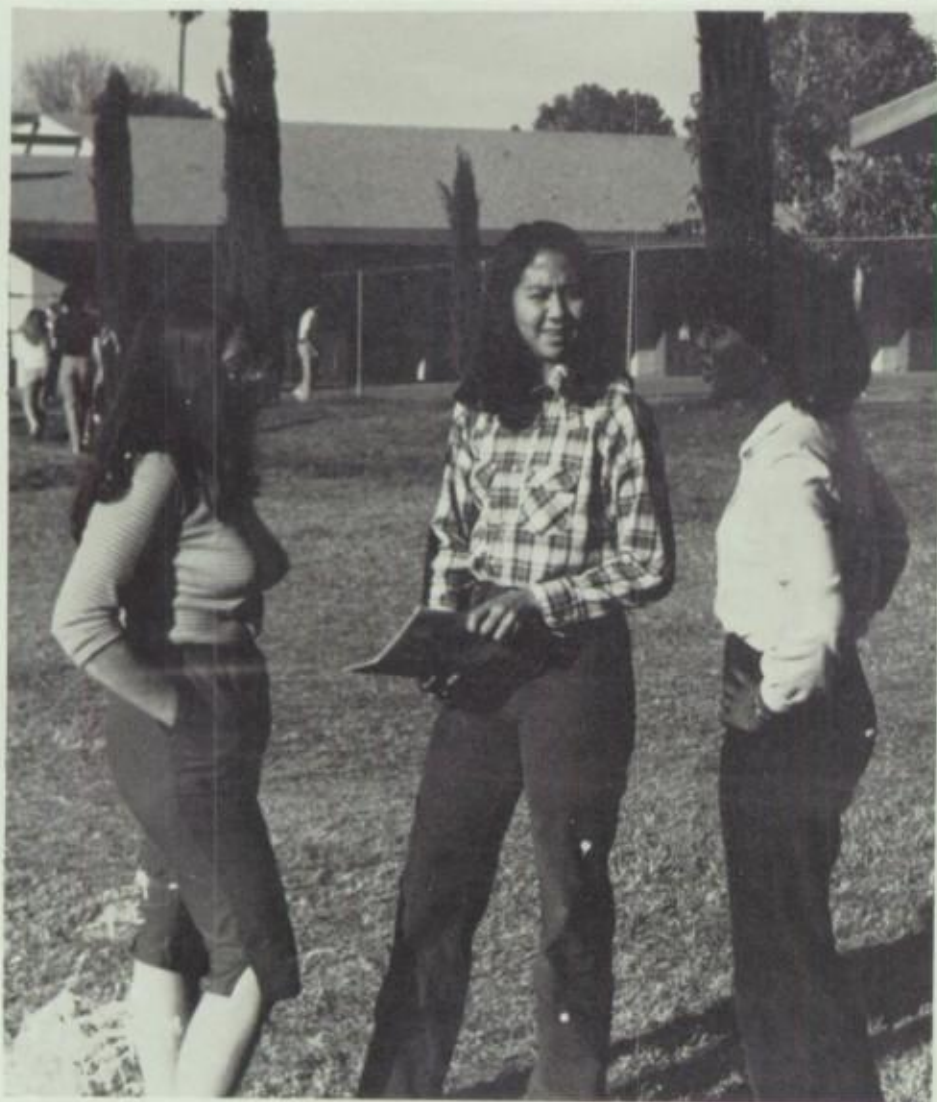

The Spanish Honor Society is dedicated to giving recognition to those students who distinguish themselves in the study of Spanish and maintain an overall point average of 3.0 or better. It is a national organization with chapters in many States. Our chapter is named after Juan Ruiz de Alacon, a Mexican poet of the XVIIth century. Our chapter was founded in 1974. Our chapter is very active on campus organizing several activities.

C.S.F.

California Scholarship Federation is a voluntary organization which promotes scholarships and gives recognition to the highly scholastic individual student. Under the guidance of Mrs. Kronnick a student may become a member if he or she receives at least three A's and one B in solid subjects. Members have opportunities to go on field trips, tutor younger students, and apply for special scholarships. With the leaderships of Deborah Hodde, president, Katrina Bledsoe, secretary, and Bill Corr, treasurer, this organization has strived to open new doors for its members.

The Black Students' Union members of 1981.

You've got that . . . personality!

And what are you thinking of?

MECHA MOVIMIENTO ESTUDIANTIL CHICANO DE AZTLAN

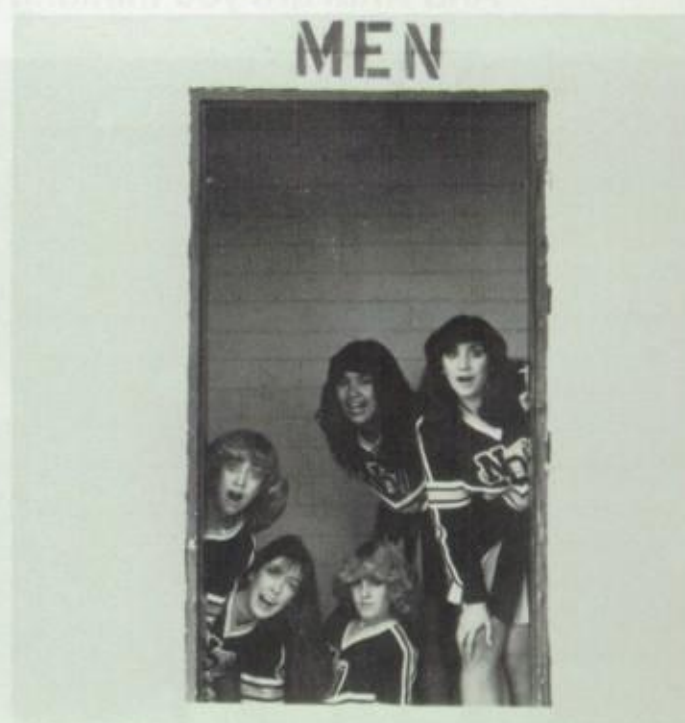

MECHA is the Mexican-American club of Notre Dame High School. It is dedicated to promote the knowledge of the Mexican-American culture. The members are a very active group, organizing several activities along the school year as well as the celebration activities of the Cinco de Mayo.

BSU

The Black student union set out to accomplish many goals this year, the one most important of which was to unite the black student body of Notre Dame so as to become a contributing organization of the school. Among the many events that were planned are dances, bake sales, and a fashion show.

Spirit has been the name of the game for the Notre Dame Varsity Squad. We had laughter, tears, laryngitis, joys and disappointments. We had our ups and downs, but no matter what, God was there to guide us along the way. He gave us the strength we needed to support each other towards our main goal, which was to spread school spirit throughout the student body. We would like to wish next year's squads the best of luck. We hope you all have a great year.

FLAG GIRLS

The 1981-82 Flag squad would like to thank all our family and friends who helped and supported us throughout the year. Although we had our bad times, the good times are what made this year special. Our good times brought us closer together as a squad and created memories which will stay with us for the rest of our lives. This year's Flag squad consisted of: Sr. Teresa O'Neill, Jrs. Chris Evans, Natalie Hernandez, Sharon Steinmuller, and Soph. Jan Privia.

This year we joined together and accomplished our goals. The football season which lasted to the second round of CIF, went by too fast. We had a great time! Basketball was just as exciting as football and our spirit was sky high. With our small number we learned to work together, compromise our differences, and gained five long friendships in the process.

In the past year we have felt many different things: excitement, joy, and sometimes defeat. As mascots we enjoyed our freedom because it enabled us to do the fun and crazy things that we have done. We went crazy during the games and really enjoyed it. We will always remember the fun and good times we have had. This year has been great for both of us. Thanks to everyone who was a part of our year.

PUBLISHER'S NOTE As you proceed through the pages of your yearbook it is important that everyone be aware of the amount of student time dedicated to this publication. This yearbook is as close to a total student prepared yearbook as we have ever seen. Yearbook class was conducted mostly without adult supervision, and the majority of students in the class eagerly accepted each new assignment.

From the beginning, in September, everyone on the yearbook staff realized the assignment would be a difficult one. A few times during the year it almost seemed as though it would be impossible. As you can see now, WE MADE IT, the Twenty-five year anniversary yearbook is reality.

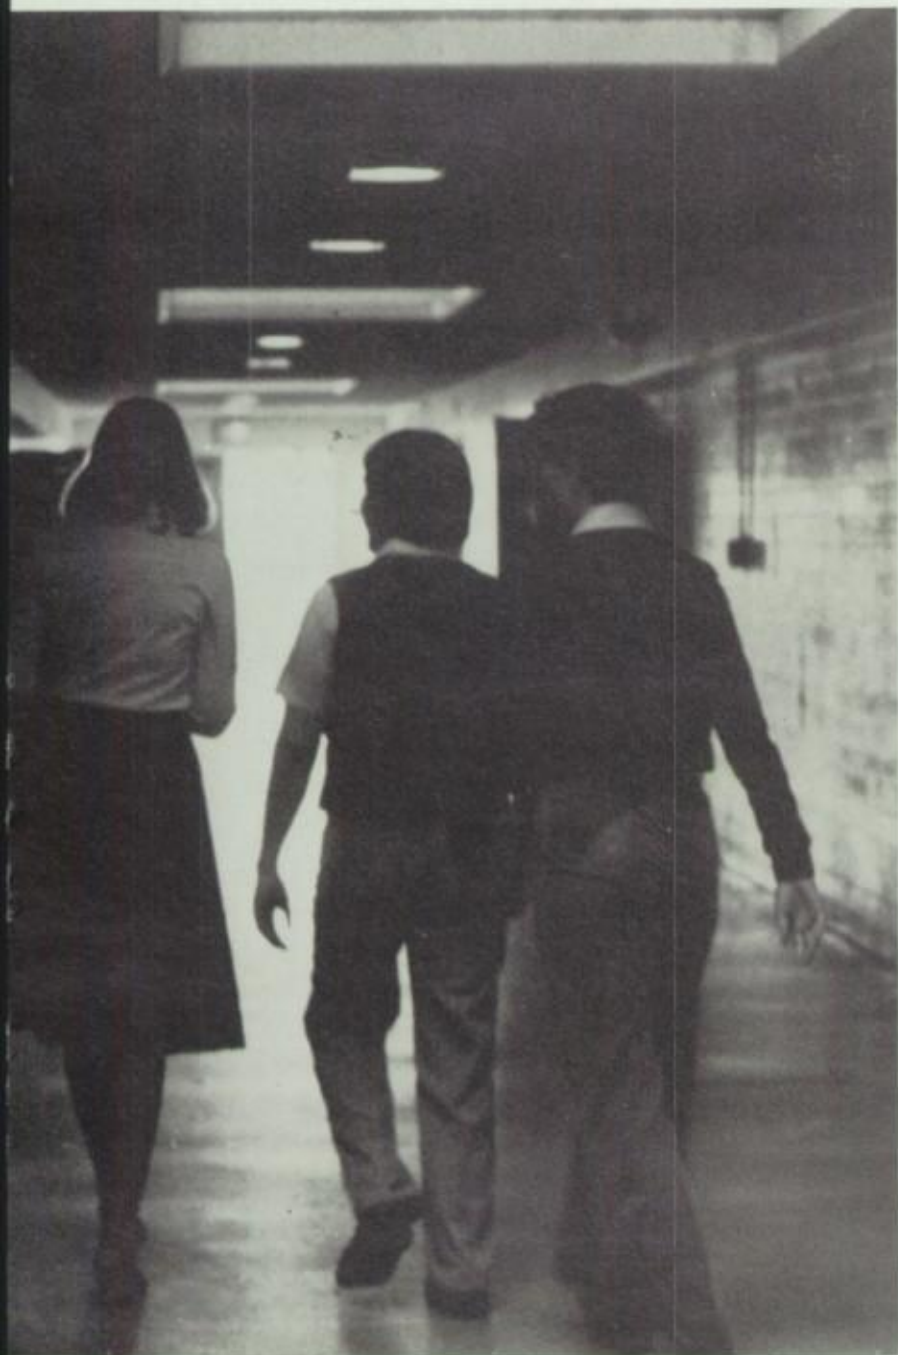

Our many thanks go out to Carolyn and Jamie for a job well done.

Jim Kimmitt (TPC)

True dedication.

Section Editors

The 1981-82 Titan Yearbook has truly been a unique experience to put together. It's been a little harder without an advisor but with the guidance of Mr. Kimmitt, Mr. Heding and the editors Carolyn Ulrich, Vic Soto, and Jim Vogelpohl, we did it.

Being the 25th Anniversary of the school, our theme "Looking Back" provided us with a lot of interesting photography and many imaginative ideas. All we can say is "Thanks for your help."

You expect me to do a layout?

EDITORS

Jim

Working without an advisor has been one of the most rewarding experiences I've encountered. It was difficult, but it taught us responsibility and leadership. Taking orders from one's peers is hard, but this year's staff showed a lot of maturity in handling various situations. Mr. Kimmitt, you forced us to work and to live up to your expectations of us, and we thank you for having so much faith in us. Mr. Heding, without you plugging for us at the other end, we wouldn't have had a yearbook this year. Joe, I couldn't have done it without you. 14 hours? . . . really now . . . Will Farrell's ever let us in again? Blue #9, you'll never know. Greg, you're one heckuva photographer — keep it up, TG, AG, SW, VS, EB, LA, RD, Thanks for all your support & cooperation. Saving the best for the last — Jamie, it was great, but I don't think I'd care to do it again.

— Carolyn Ulrich —

Being a part of this year's book has been a very challenging and fulfilling experience. One most important factor which I have discovered in being an editor for a yearbook is that you must have determination. Encountering many difficulties may at times cause you to become discouraged, and you wonder what will go wrong next. Being able to cope with these problems, enables you to accomplish the goal of putting out the best yearbook a yearbook staff can. Both Carolyn and I feel that this book reflects what a yearbook staff can do when students work together. Special thanks to Tom Heding, who has been the closest to an advisor we have had, for his time and patience, without him this book wouldn't have been possible. I'd like to thank Carolyn for all her hard work and to all the others who put in their time to make this book what it is. Special thanks also goes to our representative from Taylor Publishing Company Jim Kimmitt. To the members of this year's staff, I take my hat off to you, and the best of luck to next year's staff.

Carolyn

the honour of your presence
at the Junior-Senior Prom

"Precious and Few"

On Friday, May 7, 1982
From 9:00 pm to 1:00 am
at The Newporter Inn
Newport Beach, California

To The Senior Class

Another year goes passing by,
Another Prom is here.
To some this brings a joyous smile,
To others, brings a tear.
For four years you have tread a path,
From dawn to setting sun.
But now the path gets steeper,
And the climb has just begun.
We're very glad to know you,
We'll miss you when you've gone.
And to the Class of '82,
We dedicate our Prom.

Precious and Few

*Precious and Few are the moments
We two can share.
Quiet and blue like the sky
I'm hung over you,
And if I can't find
My way back home,
It just wouldn't be fair,
Precious and Few are the moments
We two can share.*

*Baby, it's you on my mind,
Your love is so rare.
Being with you is a feeling,
I just can't compare.
And if I can't hold you in my arms,
It just wouldn't be fair,
'Cause Precious and Few
Are the moments
We two can share.*

COMING
NOV-7-81

November 7th was a special game for it was Notre Dame's Silver Anniversary. Many invitations were sent to former students, inviting them to come see the Titans beat Bloomington. The final score was 13-8, a victory for the Titan team.

During half time former Queens Kathy Vaughn-Barnes, Heather McKay, Bernadette Mocho and Barbara Kain showed up to celebrate. Then Jeanette Espinoza was crowned, by Nathalie Randlett, homecoming Queen for 1981. The best saved for last, the fireworks display was the highlight of the evening, especially the firework anniversary cake. The whole night was a night to remember, and it will be remembered by all.

HALLOWEEN

3. Mousekateers at N.D.?

4. The in-between-class rush is bad, but did it have to come to this?

Halloween is always filled with ghosties and goblins. Here at N.D. we had our very own spooks. October 29th was a big success, full of students dressed from cavemen to mice. We would like to thank all of the students who participated in this event.

The Halloween Dance was full with excitement and fun. Our congratulations to Carolyn Wilcock (Miss Piggy) and Dawn Barnicoat (Kermit the Frog) for winning third place in the costume contest. Second place was won by Minnie Mouse (alias Joe Martinez). Shawn Zink and Bill Navigato captured first place dressed as N.D.'s very own punk rockers. We'd like to thank the Sophomore class, Ms. Schulte, and Mr. Sharp for a terrific dance.

"THE MUSIC MAN"

Opening night of a play, the excitement builds to a climax. Tension, frayed nerves are exposed; nervous laughter, last minute "good lucks" are heard. Before everyone knows it the audience is cheering and applauding the last curtain-call.

Where does it begin? The development of a play is a long, detailed process. Many potential actors and actresses await preliminary auditions that display the talent that determines what Notre Dame's next musical will be. Call backs are anxiously awaited and painfully, cuts have to be made. Three months of rehearsals go by quickly. Patience, concentration, memorization are required of everyone. Repeated scenes, tired feet, aching muscles are all part of the work. In the last few weeks, stage crew succeeds with timing the changes perfectly. Lighting, sound effects and orchestration are added and again timing is crucial.

Time, expense, is it all worth it? Friendships are formed; working relationships are needed, music, color, and talent are appreciated by all. "Bravo, Bravo . . . encore!"

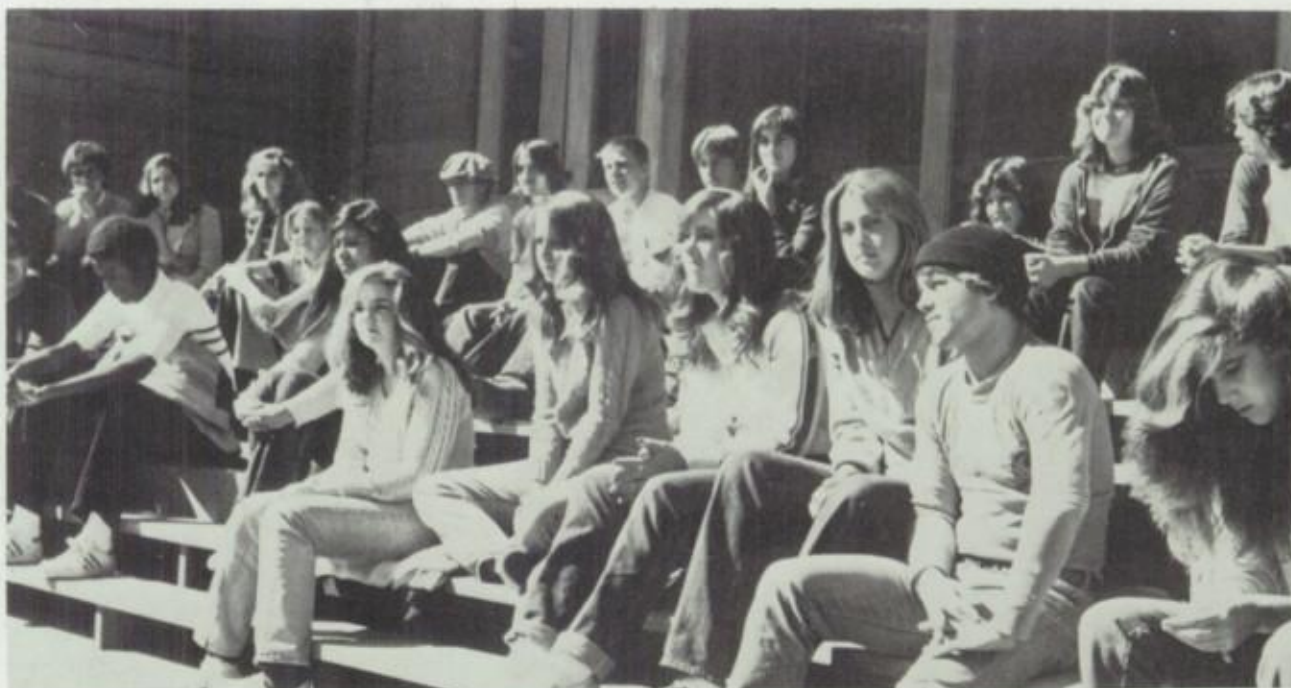

Story by Linda Tirabassi — Producer

CAMPUS MINISTRY

Our school chaplain, Fr. Joe Krah, with the help of Fr. Bob Kurilec from the Counseling Dept., serves our ND family by ministering to our religious and spiritual needs. Fr. Joe also is chairman of our Religion Dept. and teaches classes in both Religion and English.

Each day Holy Mass is provided in the student chapel for all who wish to attend. Special Masses on holy days and special occasions are usually held in the gym to accommodate the larger crowds. Class Masses, Penance Services, special prayer meetings are held with individual classes and groups such as the athletic teams, clubs, etc. Each class has the opportunity to attend a spiritual retreat in the course of the year. The chaplain's office is always open to all faculty and students, and both Fathers Joe and Bob are easily available around campus for advice, help and friendship at any time.

R E T R E A T S

Campus Ministry is many things. Here at Notre Dame our office of Campus Ministry, directed by Father Joe our Chaplain, provides us with daily Mass in the student chapel, special Masses for individual groups and clubs, gym Masses on Holy days and special occasions, Penance Services and morning prayer each day! Students also get the opportunity to attend and participate in a class retreat each year, and this year our retreats were very well attended and a real success. Fr. Joe, with the help of Fr. Bob the Guidance director and several other priests and religious, planned and co-ordinated the retreats which were held at different times and in different locations around the area.

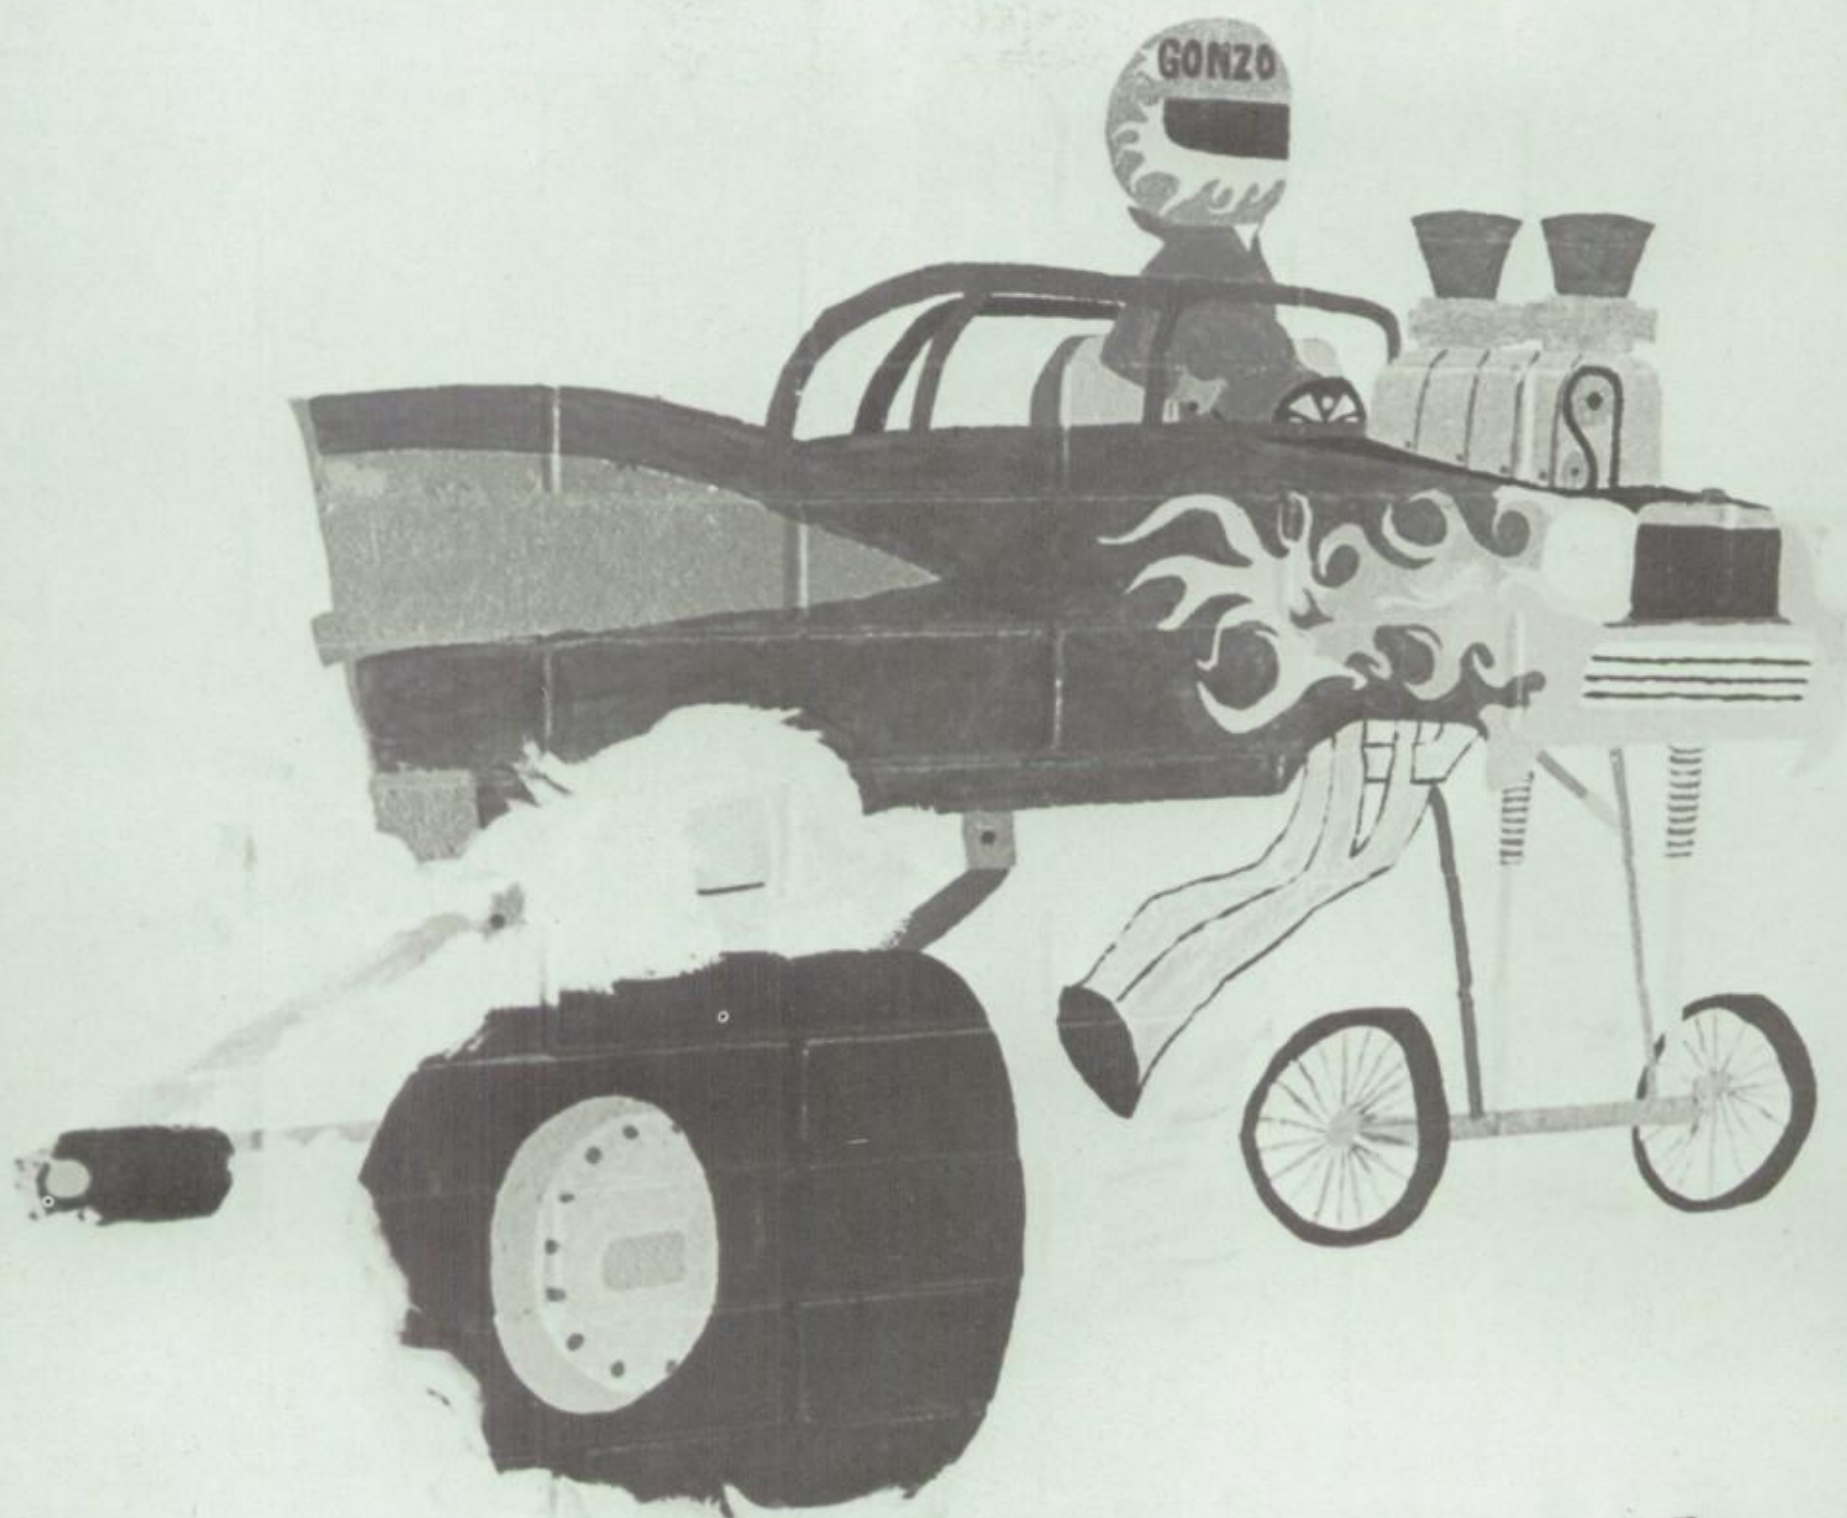

But sometimes Campus Ministry is just being available to sit down and talk. Our Campus Ministry office is always open and Fr. Joe is always ready to spend time with anyone who drops in.

DANCES

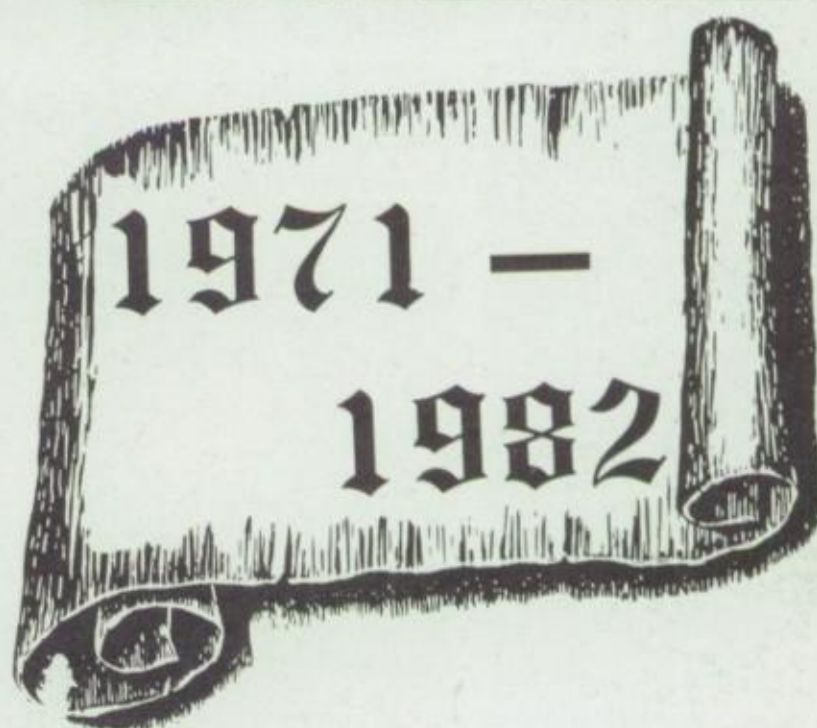

I will always cherish my years at Notre Dame for the memories of the hundreds of students I had the pleasure of working with — their kindness, thoughtfulness and the many lasting friendships that have been made. Our wonderful faculty and administration have made it all worthwhile. I will miss you all but nothing will ever replace those cherished and familiar words: "oh, Mrs. Randlett."

Mrs. Randlett with her familiar smile. Mr. Ilag and Mr. Hedding present Mrs. Randlett with a plaque.

Alfredo ILag

I was born in Florida but moved to California at the age of five years. I grew up in Coronado, a city in Southern California. I attended Sacred Heart Elementary School for eight years, and received my secondary education at University High School in San Diego, a Catholic institution. I was accepted by Loyola University, Los Angeles, but completed my undergraduate work at the University of San Diego, Alcalá Park. I have done graduate work at the University of San Diego, the University of California, San Diego, and at California State University.

Tom Heding

I am originally from West Allis, Wisc. I received my B.A. from Divine Word College in Epworth, Iowa. I have lived in Riverside for 7 ½ years and received my M.A. in Education and School Administration from Cal-State San Bernardino. I have been teaching at N.D. for 7 years. I taught Social Studies, and was the Swimming Coach and the Assistant Coach for the Frosh Basketball team in 1977. Before coming to N.D. I taught Social Studies at Bechman H.S. in Dyersville, Iowa and Special Education at Wareland School in Miss.

"You mean there are other important schools besides N.D.?"

Anita Clinton

I am originally from Norfolk, VA. My family and I moved to La Habra, CA when I was six years old. We then moved to Norco, where I currently live. I have lived there for 14 ½ years. I graduated from Norco High School. I attended RCC for one year. I then began working at ND. I have been working here for 5 ½ years.

Sophie de Galbis

Born: Loussanes, Switzerland. Hometown now Riverside. Previously employed at St. Mary's Catholic School in Orono, Maine, and at the University of Maine, in the Dept. of Foreign Languages. I have attended schools and colleges in Paris, Spain, and also two years of Political Science at the University of Havana, Cuba.

OFFICE STAFF

Barbara Jewell

I am originally from Spokane, Washington. I attended John Rogers High School there. I came to California and attended RCC for 2 years. I now have two sons, two daughters, and one granddaughter. I have been at ND for almost 7 years.

Sheila Jimenez

Born: Philadelphia, PA. Hometown now Bloomington, CA. Previously worked in parochial schools in the Archdiocese of Philadelphia. Worked for six years at St. Thomas School in Riverside. Graduated from St. Joseph's University in Philadelphia.

Fr. Joe Krah

Born and raised in Pittsburgh, PA, attended Catholic schools there and entered the seminary of the Sacred Heart Fathers near South Bend, IN. Ordained in 1963, immediately began teaching in Mass. Came to CA in 1980 and have been at ND since then. "Loves ND and loves CA, I won't go back to those winters."

Fr. Bob Kurilec

I came to ND from Cleveland, OH, prior to that I was in TX, my favorite place. However, Southern California is fast challenging that. The introduction of a computer terminal in the Counseling Office and the development of a soccer team were two achievements this year.

Kathy Luksich

This is my second stint at ND — I was here as a student (class of '75), and I'm enjoying it as much now, although in a very different way, as I did then. I was born and raised in Riverside, and it's great to be back here with my own family — my husband, Mike and two daughters, Anna and Tina.

Nathalie Randlett

I claim Melrose, Mass. as my hometown, however, I have lived in Riverside for the last 22 years. This is my 13th year with NDHS, and without a doubt one of the most rewarding experiences. It is a very special group of people.

Donna Zix

A new addition to the attendance office this year. I have lived most of my life in Riverside. I attended John W. North HS in '76 and from San Diego State University in '80. I am single and available for a date, so if anyone out there knows of some available men (good looking), my number is ...

Marie Acosta

I am now living in Colton. I have been in CA since 1964, coming here from TX. Graduated with an MA in theology from St. Mary's College in Moraga, CA. I also have a BA in sociology and 25 years experience as a consultant and coordinator in diocesan religious education programs. This is my first year at ND.

Robert Bellah

BA History Cal State University Fullerton. BA Art Cal State San Bernardino. MA Art Claremont Graduate School. What's blank and blank blank?

FACULTY

Carmen Benchoff

I have been teaching at NDHS since Sept. 1973. I have attended the University of Madrid (Spain), the University of Puget Sound, Tacoma, WA, Sacramento State College, Sacramento, CA, University of California, Davis, and UC Riverside. I enjoy all my classes.

Raymond Burns

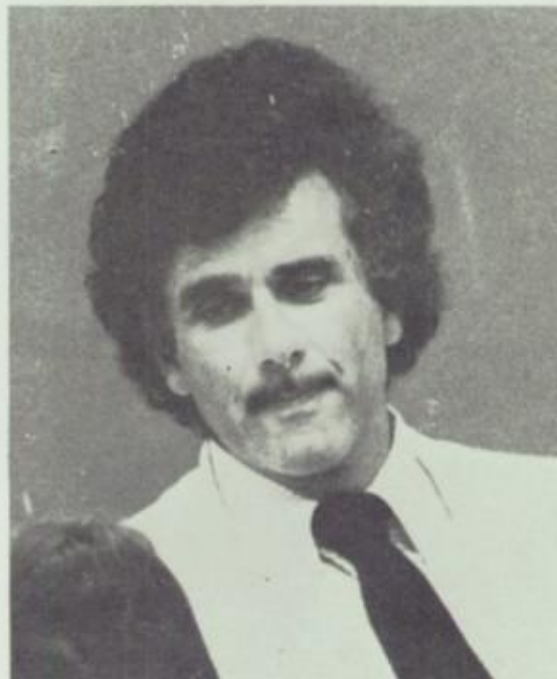

I was born and raised in CA. I attended Moreno Valley HS and graduated in 1968. I received my AA from RCC in 1973 and was granted a scholarship in football to CSU-Fullerton, where I received my BS in 1975. I received my credential at Southern Calif. College in 1977. I coached football and wrestling at Katella HS. I came to ND in '77.

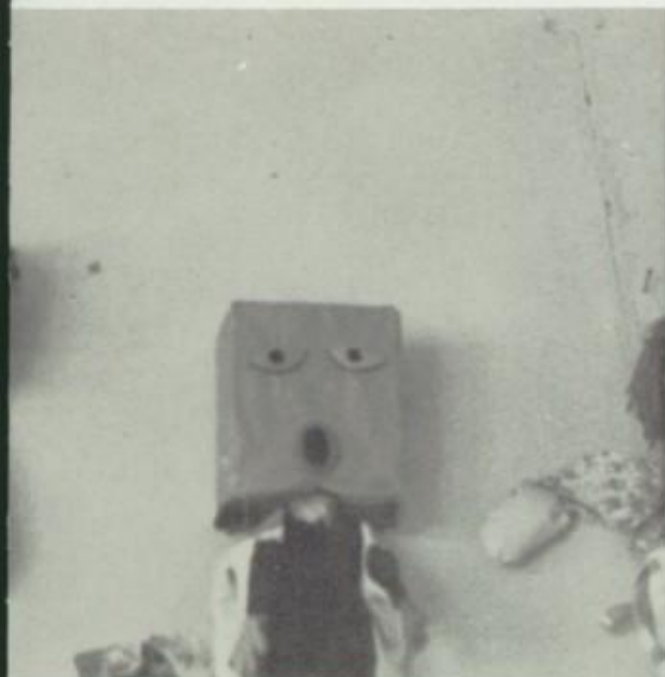

Rene Cardenas

I was born in San Antonio, TX. I received my BA from the University of Dallas, a Catholic University, in Irving, TX, and my MA from the University of St. Thomas in Houston. I have lived most of my life in TX. I recently moved to CA in the summer of 1980 with my wife and 2 year old son. This is my first year at ND.

Nicholas Corselli

I have been at ND since last spring. I am a recent graduate of UCR. I am married and in spite of my youthful appearance, I am the father of three glorious children. Time spent away from work involves chukar hunting, collecting fecal smears, eating, and picking up aluminum cans.

Nanette De la Cruz

I teach Spanish I, and II. I have lived in Riverside all my life. I graduated from ND in 1977 and from UCR in 1981.

Kelli Favela

I teach social studies, media and sociology. I have lived in the Riverside area all my life. I graduated from ND in 1976 and from Cal Poly Pomona in 1980, with a degree in social science.

Eugenia Harper

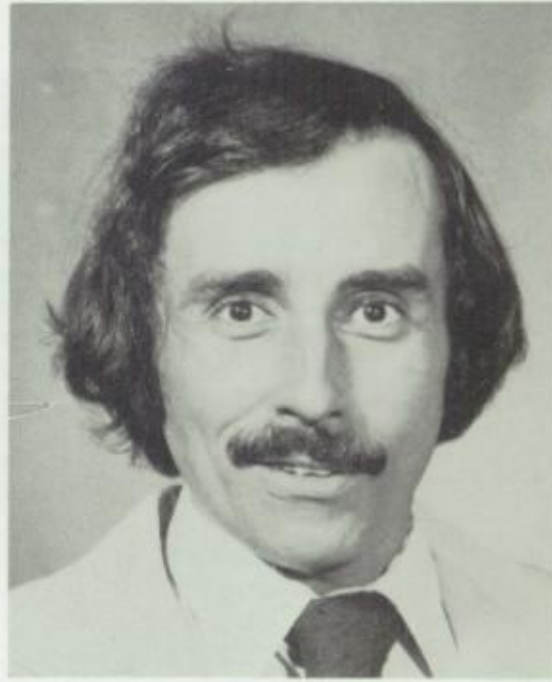

I started teaching at ND in September, just three months after leaving Baltimore, MD. In spite of the hazards of California's earthquakes, fires, and smog, I feel quite at home at ND. California doesn't have the Maryland Blue Crab but the continual sunshine is a fine replacement.

James Himelhoch

I have enjoyed my two years here at ND. My educational background includes Cal State Long Beach and Cal State San Bernardino. My field is in Political Science and History. A native Californian, I hope to remain in the Sunshine State for years to come.

Robert Hoffman

Born: Port Washington, Wisc. Educated: Univ. of Calif. Majors: Physics & History. Former Lives: Journalist, Technical Writer, Market Analyst, Truck Driver, Gardener, Paper Boy, Grape Hanger. Interests: Plant Psychology, Sand Hockey, Cosmological Archeology, Three Syllable Bingo, Highwire Tap Dancing, Dive Bombing, Neolithic Literature, Ark Building, Multivariable Graph Scaling.

Kay Kendall

Graduate: Mt. San Antonio Jr. College, San Diego State University. Major: Physical Education. Post Grad Work: Holy Names College, La Verne College, UCR. Teaching Experience: St. Francis De Sales Elementary, St. Mels Elementary Claremont Jr. High, St. Francis De Sales High School, Notre Dame HS.

Carolyn Kronnick

Seven years at ND have been at times challenging and always "fun." It's the best part of a long career in education. Originally from San Diego, Riverside became my home when UCR became my alma mater.

Barbara Libolt

I would just like to state for the record, that I am having one heck of a good time at ND!

Lynda McClain

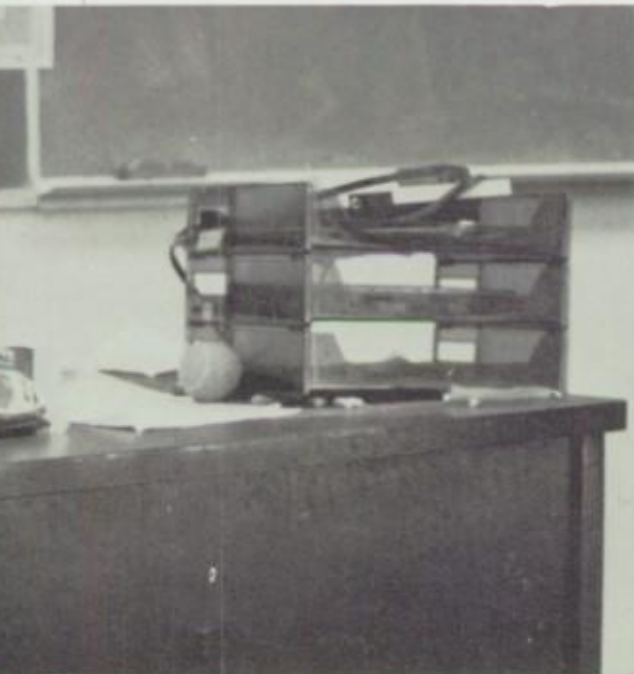

Having commas instead of dollar signs in my eyes has resulted in a six year career teaching English. Three of those four years have been spent at ND. I am originally from Illinois. Four years ago, I decided to trade ice and snow for sunshine and smog. My goals are to earn a PhD and to publish the Great American Novel.

Commas, one of these deep well put a book that you will like. Have a great summer. Ms. McCl

Bruce McGowan

Born in Detroit, Mich. Attended the University of Nevada, San Diego State University, and RCC. Received my BS in Pure Mathematics from the University of California in 1976. Math teacher in Nevada's Mineral County School District, 1977-1978. Notre Dame High Geometry instructor since 1980.

Leta McGuire

Six years ago I started teaching at ND. At that time I had 20/20 vision. In those six years of proofreading my students typed material, I have developed perfect vision with the aid of bi-focals. In another six years I will probably be using a white cane. Keep up the good work students.

James Rodriguez

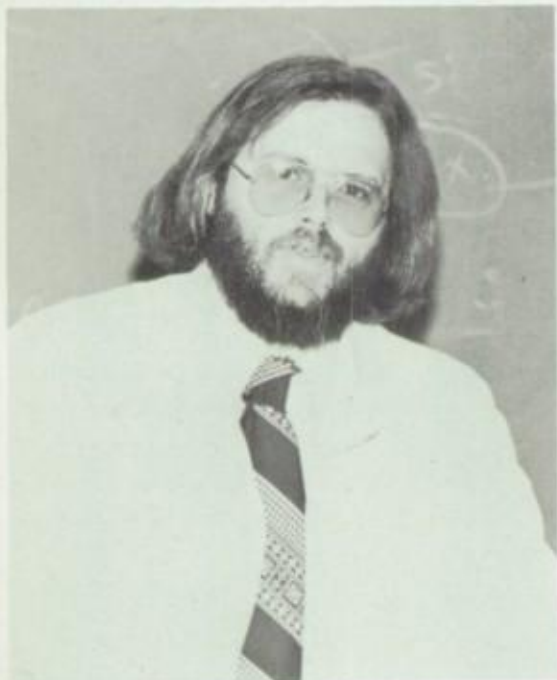

Hometown: Riverside, CA. Graduated: UCLA. Major: Kinesiology. Football and Head Wrestling Coach

Susan Schulte

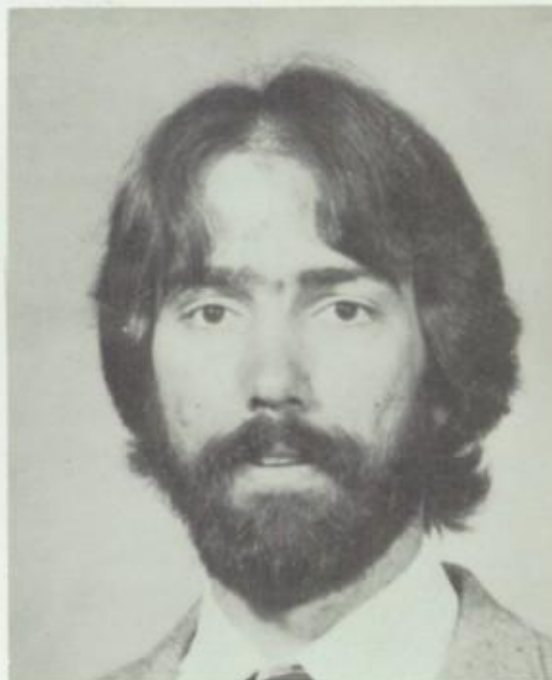

I was born and raised in Riverside, CA. I graduated from ND in 1974. I received my degree in Home Economics from Cal Poly San Luis Obispo. I teach Home Ec. and have been here for two years.

Cecil Sharp

The Lord Spake — Take thyself and go to UCR, and thou shalt labor and take degrees. Taking my degrees from there I wandered until I came to ND. And there I pastured my degrees and fed those who came to drink from well of Our Lady. I settled near the River and shared the degrees the Lord sent me to get.

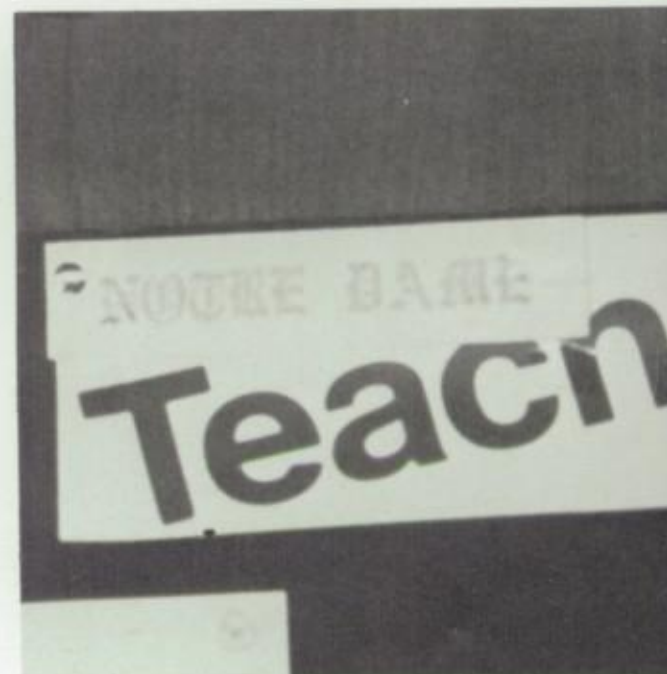

John Spurlock

I grew up in Riverside and graduated from Norte Vista HS. Between temporary jobs and long trips, I went through UCR, earning a BA and MA degree in history. Before coming to ND I worked as a researcher on two history books and as a teacher for educationally handicapped adults.

Kevin Summerfield

I am a graduate of Redlands HS. I attended Crafton Hills College for 2 years & graduated from CSU — San Bernardino in '76 with a BA in history. I was married in '76 and moved to LA to study Religious Ed. In '79 I received my MA in Religious Ed. I have served as a Youth Minister and Director of Religious Education.

Cynthia Taylor

My hometown is Verona, NJ, where all my family still lives. I did undergraduate work in French & Spanish at Drew Uni. in NJ, then came to CA in '68 to continue my studies at UCR. I received my MA in French and Secondary Credential from UCR in '70. I have been at ND for 10 years.

Linda Tirabassi

I was born in Niagara Falls, NY. I attended NY State University at Beachport, where I received a degree in English and Theater. I worked in retail management for eight years before arriving in CA five years ago. Teaching was my first love. I taught at St. Edwards for four years and directed four plays there.

Dale Thorpe

It's my first year at ND. I obtained my BS in Chemistry at the Univ. of Redlands in '75 and my MS at UCR in '80. I have never been married and at the age of 28, I find time away from school jet skiing, trap shooting, and Baja bug building. I currently am enrolled at UCR in a Teaching Credential program.

Gretchen Turner

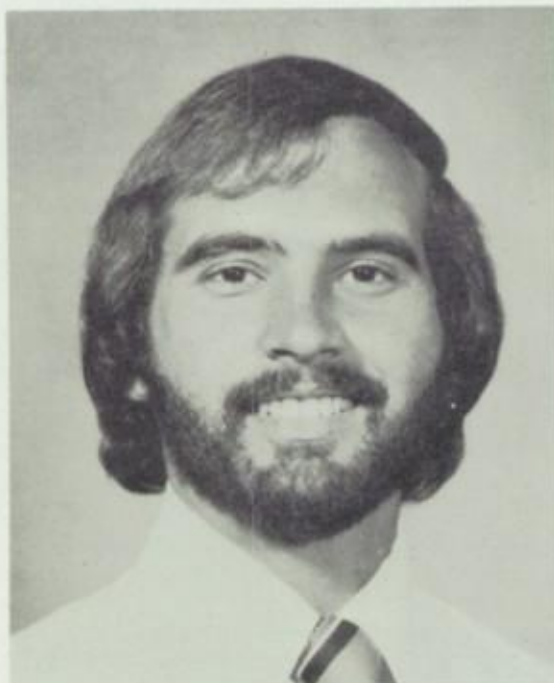

Native of Riverside. Graduate of Ramona HS and RCC. Twelve year career in business, then BA and graduate studies in Clinical Counseling Psychology at Johnson College/University of Redlands.

Robert White

Greg Wuetcher

I graduated from ND in '75 and returned in '80 as a member of the English Dept. and as the head basketball coach. After graduating from ND, though, I went to RCC and UCR before finally receiving a degree in English from Cal State Chino. I enjoy playing and coaching sports, particularly basketball and baseball.

Bob Charpentier

My entire experience here at ND has been nothing but firsts. My first job, my first parking spot, my first open house, first faculty meeting, first pay check ... Yes indeed, a lot of firsts, but most importantly, I've had nothing but first rate students. Thanks!

A black and white photograph of a classroom. In the foreground, the back of a student's head and shoulders are visible as they sit at a desk with an open book. Behind them, several other students are seated, looking towards a large window with horizontal blinds. The room is dimly lit, with light coming from the window. The word "ACADEMICS" is overlaid in large, bold, sans-serif capital letters across the middle of the image.

THE SEA

The sea stretches for miles and miles. It seems endless as it flows with such serene beauty. The rippling waters leave a trail from shore to shore, as far as the eye can see.

Fish swim freely through the underground forests of overgrown and lushly colored kelp beds. Dolphins, porpoises, and sharks play with wreckless abandon.

Men have ships to explore the vast extremities that lie below the crystal waters. Fishermen breathe in deeply the fresh sea air, while bringing in jackpots of fish.

In the early morning hours the sun is cold and icy. The sun leaves a darkness upon the ocean. In the early afternoon, the sun rises high over the ocean like a hawk hovering over its prey. Night falls and the moon rises low over the ocean, leaving a sparkling trail like a road to an unknown passage through miles of darkness.

The waves break hard and crash upon the earths' surface, tearing the ground, like a termite biting on wood. The strong current pulls objects, creatures of all shapes and sizes to their death. Their screams are silent. Nature takes its course and other marine life is created like buds popping up after a long, cold winter on the first day of Spring.

Seagulls are flying above the miles of flowing waters in flocks of thousands, exploring their world of freedom. Their wings are flapping to the music of the wind in perfect motion.

Amist of salt sprays with every splash and change of the wind, the wind whistles to the rhythm of the waves, trying relentlessly to catch each wave as they run wildly to find their identity.

Titan defense upsets Mary Star's turf

1981 NOTRE DAME FOOTBALL SEASON

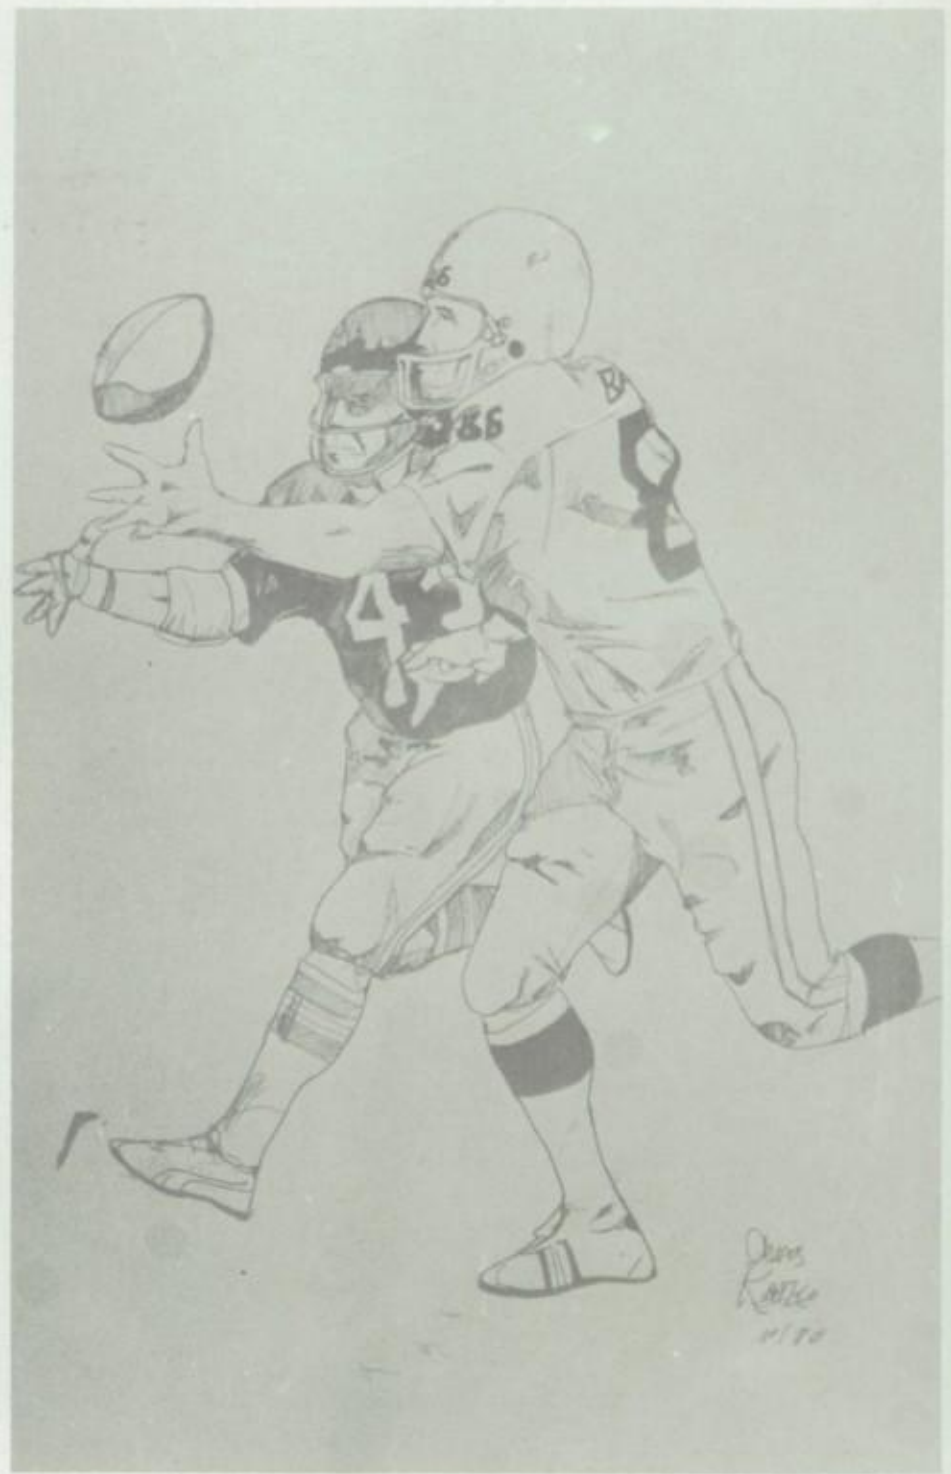

This year's team was optimistic coming off a 1-9 1980 record. With a strong returning core of seniors and a new mentor at the helm, Coach Burns, the team opened up the season and almost upset La Sierra, a county power. From this game, the team found hope and drive that took them to the CIF playoffs with a 5-4-1 record. The team banded together to put a season ending four game winning streak together, which extended to five games when the Titans upset Mary Star of the Sea 7-6 in the first round of the CIF playoffs. The second round of the playoffs, the Miraleste Marauders ended the Titans season and hopes of a CIF championship, culminating the Titans 1981 season with a 6-5-1 record. Coach Burns is looking forward to another great year next year when another strong core of seniors will return.

The 1981-82 Notre Dame Varsity basketball team is carrying on the Titan winning tradition in true form. The Titans have been to the playoffs nine straight years in a row, and this year looks to be no exception.

Early season victories on an extremely tough schedule include winning second place in the Notre Dame Holiday Classic and Consolation Championship in the prestigious Riverside County Raincross tournament — all victories coming against much larger 3-A schools! And to show it was no fluke, the Titans defeated 3-A Rubidoux twice this year, a team which was rated among the top 13 3-A teams in the CIF Southern Section!

Leading the Titans through the tough Sunkist league competition (probably the toughest among 1-A divisions) were seniors Mark Wills and Greg Kraemer, along with junior standouts Tharion Bracy, Eric Brewer, Mike Garcia, Jeff Wright, Dennis Brown, and the rest of the Titan Varsity.

Once again, the Titans have upheld the winning tradition by downing much larger opponents. And, once again, this has been a year to be remembered.

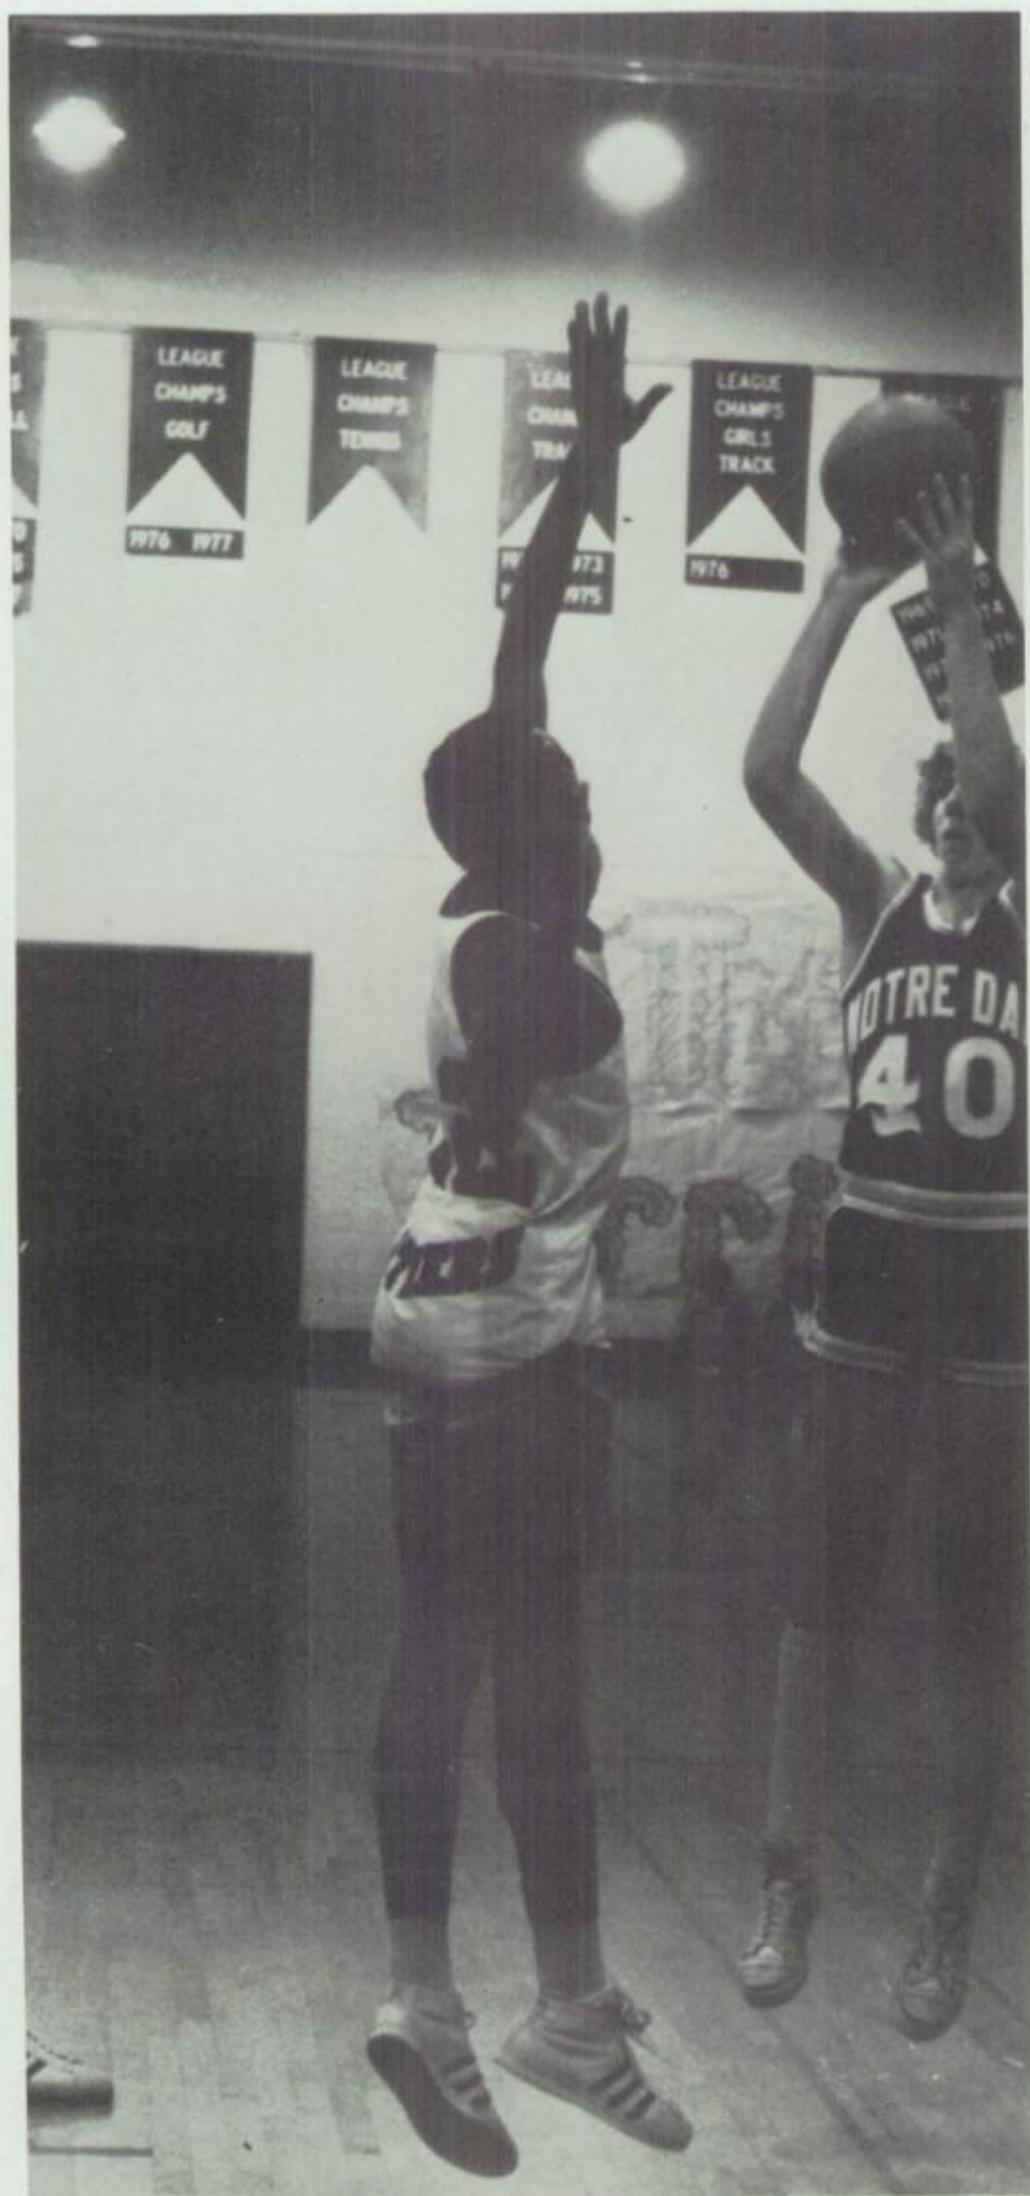

Greg Kraemer directs the offense.

Mark Wills lays it up.

Tharion Bracy skies for the shot.

Al Romero scores a goal!

What a kick!

The first year of soccer at N.D. was indeed a great success. The team gained the respect of all. They played aggressively and competitively. The hustling team was led by offensive powers such as: Junior Shawn Zink and Danny Hernandez. The defense often a quite physical group, consisted of Seniors: Dave Nieburger, Scott Mackenzie and Chris Kelly and Junior Bill Navigato and goal keeper Chris Rombach. Many thanks go to coaches Mr. Rombach and Mr. Zink, also thanks to Father Bob for all his effort.

Looking Back

Looking back around
this school,
Where me and my
friends were so cool.

Looking back at the classrooms
Where for four years
we were doomed.

Looking back at
the tables we ruled,
The times we made each
other look like fools.

Looking back at the parking lot
Where we hid from being caught.

Looking back at
me and you.
Our time had come
We're the class of '82'!

It all came so fast
We'll have to make the memories last.

THE INNOCENT SLAUGHTER

The baby seal —
so fuzzy and cute,
'Tis a shame he'll soon be destitute.
Why must people crave their skin,
When all they do is fish and swim?
The word named "harm,"
They've never heard,
Neither has the exquisite bird.
They're there for beauty,
for as time goes by,
They become a treasure
to the human eye.
'Tis truly sad when man can't see
the beauty nature meant be be.
For sport, for fun,
Who cares not why —
'Tis truly a sin to see the innocent die.

THE FORBIDDEN RAINBOW

Now as the clouds begin to clear,
The summer's sun begins to sear.
I pray, dear Lord, send no more rain,
all it does is cause me pain.

For as I sit here in my chair,
I wonder if there's a world out there.
I've been cut off from it you know —
Children's faces all aglow.

Two small drinks and a dirty book,
Then off behind the wheel you took.
It's too late now, Mom,
Don't look behind.
The damage's been done,
I've been born blind.

— Carolyn Ulrich —

IT'S TIME TO PASS

It's time for me to pass
I must be on my way
This year will never last
Unless I live each day.

The decision is here
It's time to decide
My heart's still there
But the rules abide.
The times have been fun
Oh, how the years flew by.
But, hon, the spirit hasn't won
The feelings are soon to die.

Was it worth everything?
The people involved?
Is it music we sing
or a haunting call?

My fires are in flame
heavy their mist they've rolled
My days have already come
My story has been told.

Life from the other side

Life seems to me
A dream to live
To enjoy
To hate
To love
But life is hard
And tends to be
Unfair to me
But all in all
I'll find my rainbow
At the end of the road of life
That will begin my life
Making it happy
Once again
Just once
I hope
I dream
I long
To live!!!

A Smile

A sparkle in the eye
A twitch of the cheeks
The glow of rosy cheeks
Surrounds all facial
Expression
The mouth opens gently
Crating an incessant
Grin develops slowly into a smirk and the
Smirk turns into a white
Sparkling color.

And the smile continues to grow
And a laugh
Comes out
Then it is all over
The smile has ended
Just one way to find
Happiness in yourself
And make happiness
For others.

TRUE LOVE

Hand and hand, we walk through the forest, entering a path of clouds. Just me and my love together, we walked as if we were one. I knew his thoughts and he knew mine, there was no reason to break our golden silence. I glanced at him for a moment, to look at the expression on his face. It was peaceful and tranquil; just as the ocean side that we entered was. I felt as if I was looking into a mirror, seeing my own reflection in his face. No worry, no pain, just floating iwht me in our thoughts. Now we walked along the edge of the sea, and the water touched our feet. He touched my hair, as the sea breeze blew it back from my eyes, and my love had filled my heart. We walked back through the clouds again. He looked at me and smiled. Forever we stayed in a peaceful bliss, floating through nature, the clouds and the trees, every sense of my own was reeling. My eyes were open, I looked around It was time to get up, and go to school.

IS THERE ANY ROOM FOR ME

Is there any room for me? Is there a space in your life where I can just sit and be with you? To exchange laughs and tears, and secrets we have . . . To trust and lean on one another, to share your feelings. To know you and help you when your are in need? Or, maybe you don't want me there. Can I just sit and watch? I'll be very quiet, and I won't say a word. I won't interfere in your busy schedule, or tell you what to do. No criticisms will leave my lips. I will watch you and admite you. I will tell you so if you would like. Maybe you don't want me watching. Maybe you want me to leave, and be elsewhere. I can do that, if that is what you want. Are you sure? Through all your time and space and life. Can't I just sit? No? It's alright, I'll go on to the next person there, "Is there any room for me?"

Blam, you're one of the best palishy friends a retarded scum like me could have! You've really been a lot of help with my past boyfriends + I hope you'll be there for my future ones. I know my abnormal personality often gets on your nerves, but that's the way I am, + your stuck with me. You're like a sister to me, especially the way we always sum to argue. Remember Jeff + Mark, + don't get too stuck up when your a local. I love ya.

Sing, oh heavenly skies,
 Give mournful praise,
 Let your tears fall in sorrow.
 My mind is far from golden days,
 Gray mem'ries will last me 'till the morrow.
 The light is quenched,
 My sou; lies prone,
 Gasping out its life against
 Cold, unfeeling stones.
 Alas! The wind drives home its spike
 Its blade is halted by no armor —
 The leaden sky wetly darkens
 As I bind myself to live or die with honor.

LOOKING

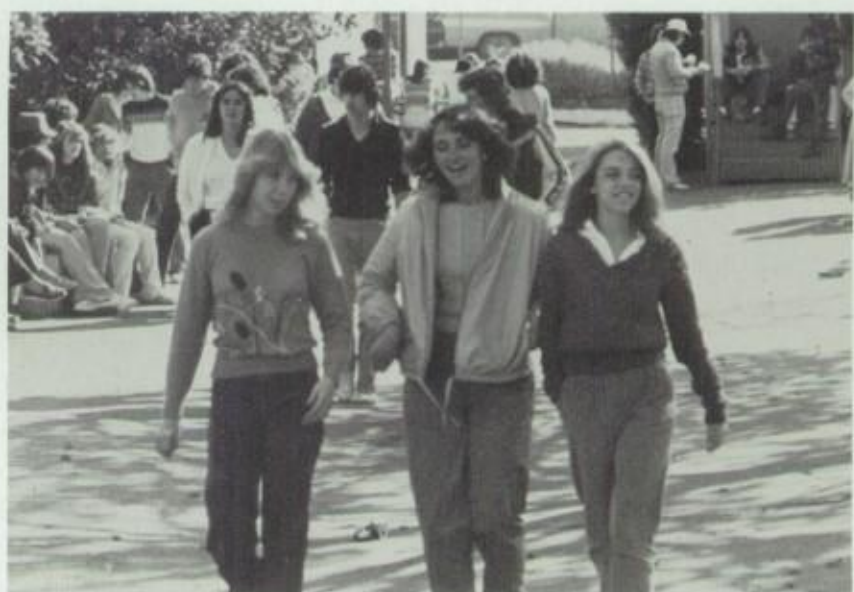

AROUND

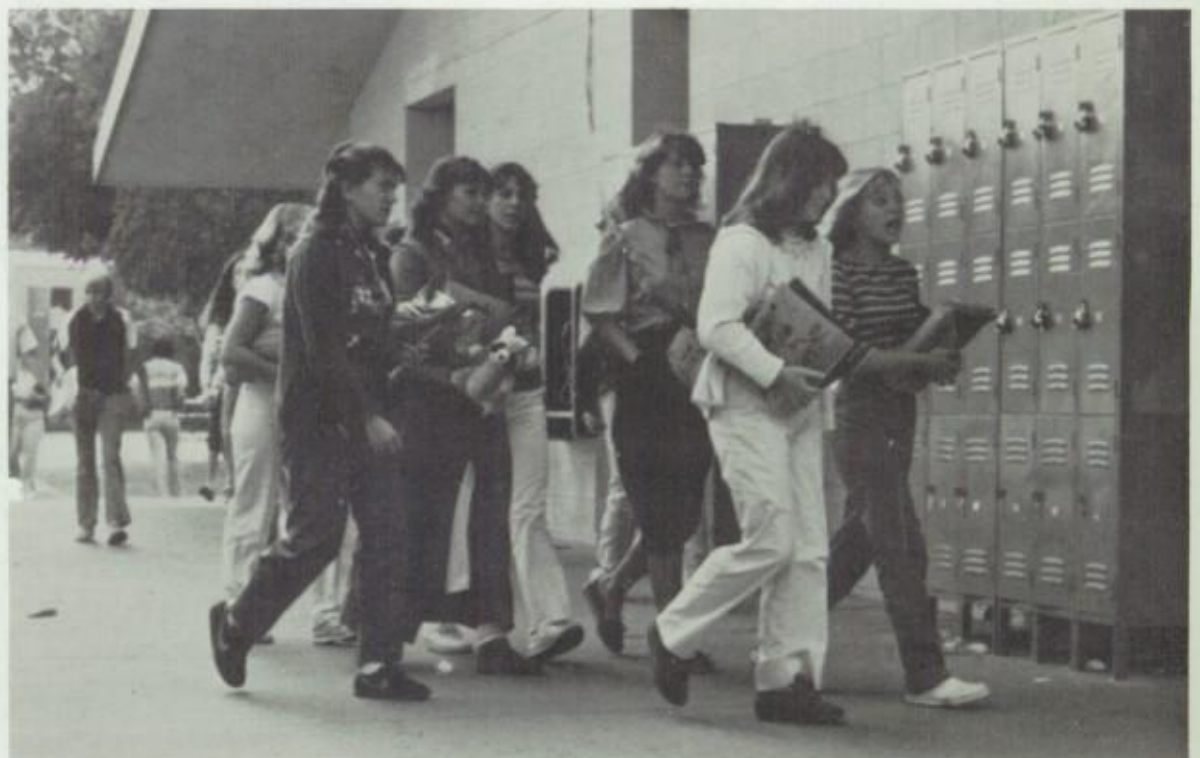

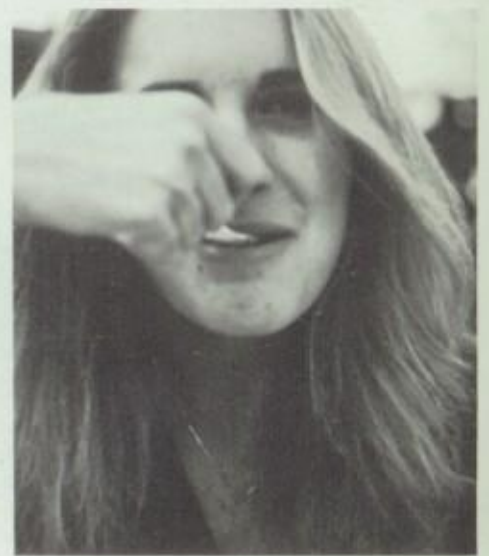

Dear Pam

Thankx for being
such a sweet friend.
Aren't you tired of standing
up for Coach Barnes? I'm
glad I didn't get caught -
Stay sweet and hope you're
in my classes next year.

Your friend, Pilar

Pam, you
Even though you
broke my pen and
Even though you hit
me all the time you
are still a pretty cool
Chick.

Stay cool
and
keep out of
trouble

PAM,
Your A Werd
Friend, just kidding
Have a good summer
Party till you take
bye ya

Pam,

I never really got
to know you that well
but IF you hang
around Stephenie than
you must be cool.
Have a Kick Back Summer

Blam,

I'm so

Bazed & Confused.

Do you think you
can help me. Am
I black or white,
am I straight or
gay. This year has
Memories of
The Way We Were.
I don't understand
the things people
say about us. I
guess it's
a controversy. It's
hard for me to say
the things I REALLY

feel about you. But
I can sum it up
in a few words.
Your every woman
in the world to me.
This year has been
my utmost night-
mare. There has
been only one
way to rock and
that has helped
this little black
dog a whole lot. I'm
glad it's over. And
I know that you will
always be with me
even when it's over.
We have been intimate
friends now + I
know that after
all this hell on earth
is over we will enter
our stairway to heaven.
You will always be my
best sewnie pig
even after you
die. Let's get out of
here and be free.

Pam,

HT/ etc

been nice

knowing you

(wow what a better friend)

a nice person & yes

Had a nice summer

and don't forget the

High. Take

~~your summer~~

Pam,

This year was
pretty cool. You a
good friend. You a
cool, have fun this
summer. stay
see
next year.
Love
Donny

Pam,

Even though
I don't know
you, you seem
sweet. Hope
you have a
nice summer

Katrienka

more ya always

P.S. Have you ever
drooled so hard
in your life?

-RM. YOU CAN DO IT.

PAM,
HOPE TO BECOME
BETTER FRIENDS WITH
YOU NEXT YEAR BECAUSE
YOU SEEM LIKE A PARTY
PERSON. HEY YOU LITTLE
SCUM! KEEP COOL OVER
THE SUMMER.

GEORGE

though Pam,
I'll still you a scum
year book and I hope glad you can
be friends and I hope you can
be friends next year too.
Pam

Pam,
Nice knowing
you in science
I hope I can
pass this stupid
quiz.
Kim

Pam,
"Skaters role", 2001 was fun for
me while it lasted. I'll be
there more this summer and
we'll get a skate or two in.
(OH Richard, I love you)

A good friend,

Jim Pinck

Pam,
I'm glad we got
to be friends. Stay
sweet and I'll be
your next year.
So long,
